## NOTICES

### GOVERNMENT MOTION

3. *Debated May 17, 18, 23, 24, 25 and July 13, 1989.*
- 

### PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *April 27, 1989.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *April 27, 1989.*
8. *Mr Brandt*—Motion of Censure—That this House has lost confidence in the Minister of the Environment's capacity to exercise his responsibilities as a Minister of the Crown, specifically his duty under the *Environmental Protection Act* to insure the public's safety from toxic chemicals, as well as his duty under the *Freedom of Information and Protection of Privacy Act, 1987* to disclose information regarding a grave environmental, health or safety hazard to the public.

Therefore, this House:

- 1) urges the Minister of the Environment to resign; and
  - 2) calls on the Premier of Ontario to appoint a public enquiry into his government's failure to insure that the public was fully informed with regard to the importation, sale, and use of toxic fuel and the government's mismanagement of this issue resulting in potential health and safety risks to the citizens of Ontario. *May 15, 1989.*
10. *Mr Harris*—Resolution—That, in the opinion of this House, recognizing that non-refundable tax credits for political contributions effectively disenfranchise those without taxable incomes from this aspect of the political process; and, acknowledging the unfair treatment the current system affords

lower-income Ontarians—many of whom are women, seniors, disabled, ethnic minorities, farmers and Native Canadians; legislation should be amended to provide for refundable tax credits to eliminate existing discrimination on the basis of income in the financing of Ontario political Parties and candidates. *May 17, 1989.*

21. *Mr Hampton*—Resolution—That in the opinion of this House, the Government of Canada should be condemned for its recent policies regarding native Education, and its failure to restore the funding of native Education to a level which will ensure that all native persons who want to enrol in a post secondary program of education will have the financial resources to do so; and calls upon the Government of Canada to open negotiations with First Nations representatives to establish a process which will provide adequate funding for Native post secondary education in the future. *July 17, 1989.*
  
23. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortage of acute care beds which is in part due to the use of these beds by chronic care patients and recognizing the added cost to the system as a result of this misuse of acute care beds and recognizing the higher quality of life afforded to patients who can stay in their own homes and the added efficiency in the system as a result of home care; the government of Ontario should establish and maintain a system of community palliative care services which would allow people to be cared for in their own homes or in hospices where the atmosphere allows basic human dignity to be the top priority. *July 25, 1989.*
  
24. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that Naturopathists have a body of knowledge on which the practice of naturopathy is based and recognizing the risk associated with an unlicensed person practicing naturopathy; the government of Ontario, recognizing the best interests of the public, should continue to legislate the regulation of Naturopathy. *July 25, 1989.*
  
25. *Mr McCague*—Resolution—That, in the opinion of this House, recognizing that the *Municipal Elections Statute Law Amendment Act*, 1988 setting out new rules for municipal elections was introduced and passed hastily by the Liberal government less than a year before the 1988 municipal elections, and given that there have been numerous problems arising from the 1988 municipal elections; the Government of Ontario should immediately initiate a review of the Act, of the problems of administration of same, and should consider establishing some mechanism, such as a Municipal Election Finance Commission, which would ensure uniform application of the Act. *July 25, 1989.*
  
26. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortages of health manpower in certain health care sectors in this province, including nurses, physician specialists, technologists and technicians, and the shortages in all types of health professions in Northern Ontario, and recognizing that there is no effective means presently available to monitor the Province-wide supply of health professionals, and recognizing that government and all health care professions should work co-operatively to

remedy these shortages and to identify the short-term and long-term needs for the supply of health manpower; the government of Ontario should support the establishment and funding of an independent Health Manpower Planning Institute with representatives of the health care professions, the Ministry of Colleges and Universities and the Ministry of Health to plan the future health manpower needs of the province. *July 26, 1989.*

27. *Mr Ray (Windsor-Walkerville)*—Resolution—That, in the opinion of this House, a Select Committee on Urban Growth should be established to examine and report on urban growth patterns in Ontario and to recommend a long-range provincial policy on urban growth. The Select Committee should consider:

1. variations in urban growth patterns in Ontario;
2. causes of this variation in urban growth patterns;
3. economic, financial, social and environmental consequences of such patterns;
4. short-range and long-range policy options available to the government and,
5. legislative, institutional and program changes required to implement an Ontario government policy on urban growth. *October 12, 1989.*

28. *Mr Cousens*—Resolution—That in the opinion of this House, recognizing that all sittings of the District and Provincial Courts within the Judicial District of York Region take place in Newmarket; and that considerable time, expense and inconvenience is incurred by residents of the Town of Markham and South York Region since numerous matters are heard in Provincial Offences Court on an ongoing basis; the Attorney General should take immediate steps to have a regular sitting of the Provincial Offences Court and the Provincial Court (Criminal Division) at a location in the Town of Markham. *October 16, 1989.*

29. *Mr Villeneuve*—Resolution—That in the opinion of this House, recognizing that the Government of Ontario has failed Ontario's agricultural sector by:

1. not providing a higher budgetary and program priority to agriculture;
2. not consulting with agricultural organizations prior to instituting major program changes;
3. having a dismal record of co-operation and consultation with the federal government;
4. providing no leadership within the government to promote alternate crop uses;
5. cancelling interest rate relief as interest rates have risen;

6. ignoring its own report concerning free trade;
7. failing to recognize in a timely manner the importance and implication of the current GATT round;
8. retreating from announced intentions to protect agricultural land; and
9. not having the policies and means to ensure a healthy agricultural industry for Ontario on the 1990's and beyond;

the Government of Ontario should: provide a program to replace OFFIRR while interest rates remain high; abandon the changes to the Farm Property Tax Rebate Program at least until after consultations take place with the farm community; take a more active role on alternate crop uses, particularly in co-ordinating with other Ministries; and establish a pre-budgetary hearing process to better set agricultural spending priorities. *October 18, 1989.*

30. *Mr. Reycraft—Resolution—*That in the opinion of this House, recognizing that the federal government's decision to close down the Canadian Forces Base in London, Ontario, will result in a significant loss of employment and dislocation of individuals and families in the community; and further recognizing that there is no significant cost-saving in closing down the base; therefore, the Government of Ontario should urge the Government of Canada to immediately reconsider its decision. *October 25, 1989.*

## NOTICES

### GOVERNMENT MOTION

3. *Debated May 17, 18, 23, 24, 25 and July 13, 1989.*
- 

### PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *April 27, 1989.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *April 27, 1989.*
8. *Mr Brandt*—Motion of Censure—That this House has lost confidence in the Minister of the Environment's capacity to exercise his responsibilities as a Minister of the Crown, specifically his duty under the *Environmental Protection Act* to insure the public's safety from toxic chemicals, as well as his duty under the *Freedom of Information and Protection of Privacy Act, 1987* to disclose information regarding a grave environmental, health or safety hazard to the public.

Therefore, this House:

- 1) urges the Minister of the Environment to resign; and
  - 2) calls on the Premier of Ontario to appoint a public enquiry into his government's failure to insure that the public was fully informed with regard to the importation, sale, and use of toxic fuel and the government's mismanagement of this issue resulting in potential health and safety risks to the citizens of Ontario. *May 15, 1989.*
10. *Mr Harris*—Resolution—That, in the opinion of this House, recognizing that non-refundable tax credits for political contributions effectively disenfranchise those without taxable incomes from this aspect of the political process; and, acknowledging the unfair treatment the current system affords

lower-income Ontarians—many of whom are women, seniors, disabled, ethnic minorities, farmers and Native Canadians; legislation should be amended to provide for refundable tax credits to eliminate existing discrimination on the basis of income in the financing of Ontario political Parties and candidates. *May 17, 1989.*

21. *Mr Hampton*—Resolution—That in the opinion of this House, the Government of Canada should be condemned for its recent policies regarding native Education, and its failure to restore the funding of native Education to a level which will ensure that all native persons who want to enrol in a post secondary program of education will have the financial resources to do so; and calls upon the Government of Canada to open negotiations with First Nations representatives to establish a process which will provide adequate funding for Native post secondary education in the future. *July 17, 1989.*
23. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortage of acute care beds which is in part due to the use of these beds by chronic care patients and recognizing the added cost to the system as a result of this misuse of acute care beds and recognizing the higher quality of life afforded to patients who can stay in their own homes and the added efficiency in the system as a result of home care; the government of Ontario should establish and maintain a system of community palliative care services which would allow people to be cared for in their own homes or in hospices where the atmosphere allows basic human dignity to be the top priority. *July 25, 1989.*
24. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that Naturopathists have a body of knowledge on which the practice of naturopathy is based and recognizing the risk associated with an unlicensed person practicing naturopathy; the government of Ontario, recognizing the best interests of the public, should continue to legislate the regulation of Naturopathy. *July 25, 1989.*
25. *Mr McCague*—Resolution—That, in the opinion of this House, recognizing that the *Municipal Elections Statute Law Amendment Act*, 1988 setting out new rules for municipal elections was introduced and passed hastily by the Liberal government less than a year before the 1988 municipal elections, and given that there have been numerous problems arising from the 1988 municipal elections; the Government of Ontario should immediately initiate a review of the Act, of the problems of administration of same, and should consider establishing some mechanism, such as a Municipal Election Finance Commission, which would ensure uniform application of the Act. *July 25, 1989.*
26. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortages of health manpower in certain health care sectors in this province, including nurses, physician specialists, technologists and technicians, and the shortages in all types of health professions in Northern Ontario, and recognizing that there is no effective means presently available to monitor the Province-wide supply of health professionals, and recognizing that government and all health care professions should work co-operatively to

remedy these shortages and to identify the short-term and long-term needs for the supply of health manpower; the government of Ontario should support the establishment and funding of an independent Health Manpower Planning Institute with representatives of the health care professions, the Ministry of Colleges and Universities and the Ministry of Health to plan the future health manpower needs of the province. *July 26, 1989.*

27. *Debated October 26, 1989.*

28. *Mr Cousens*—Resolution—That in the opinion of this House, recognizing that all sittings of the District and Provincial Courts within the Judicial District of York Region take place in Newmarket; and that considerable time, expense and inconvenience is incurred by residents of the Town of Markham and South York Region since numerous matters are heard in Provincial Offences Court on an ongoing basis; the Attorney General should take immediate steps to have a regular sitting of the Provincial Offences Court and the Provincial Court (Criminal Division) at a location in the Town of Markham. *October 16, 1989.*

29. *Debated October 26, 1989.*

30. *Mr Reycraft*—Resolution—That in the opinion of this House, recognizing that the federal government's decision to close down the Canadian Forces Base in London, Ontario, will result in a significant loss of employment and dislocation of individuals and families in the community; and further recognizing that there is no significant cost-saving in closing down the base; therefore, the Government of Ontario should urge the Government of Canada to immediately reconsider its decision. *October 25, 1989.*

## SPECIAL DEBATES

### OPPOSITION DAYS

2. *Mr Eves*—Opposition Day—That this House condemns the government for its failure to address the deterioration of our health care system—specifically its underfunding of hospital operating budgets resulting in the closing of hospital beds; its failure to keep its commitment to fund 4,400 new chronic and acute care hospital beds; its insensitivity to the increased waiting lists for health services forcing Ontarians to seek health care outside the province and resulting in the suffering of patients; its inability to foster a cooperative relationship and trust with health care providers; its inadequate support and funding for a more community-based approach to health care delivery; and, its attempts to blame individual doctors and health care professionals for the problems in the health care system. To be debated Wednesday, November 1, 1989. Minister of Health.

## PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence in accordance with the Standing Order 94(d).)*

Ballot Items Numbers 21 and 22. *Debated October 26, 1989.*

Ballot Item Number 23. *To be debated on Thursday, November 2, 1989.*

*Mr Hampton*—Resolution—That in the opinion of this House, the Government of Canada should be condemned for its recent policies regarding native Education, and its failure to restore the funding of native Education to a level which will ensure that all native persons who want to enrol in a post secondary program of education will have the financial resources to do so; and calls upon the Government of Canada to open negotiations with First Nations representatives to establish a process which will provide adequate funding for Native post secondary education in the future.

Ballot Item Number 24. *To be debated on Thursday, November 2, 1989.*

*Second Reading* Bill 61, An Act to amend the Ontario Water Resources Act.  
*Mrs Marland.*

Ballot Item Number 25. *To be debated on Thursday, November 9, 1989.*

*Mr Reycraft*—Resolution—That in the opinion of this House, recognizing that the federal government's decision to close down the Canadian Forces Base in London, Ontario, will result in a significant loss of employment and dislocation of individuals and families in the community; and further recognizing that there is no significant cost-saving in closing down the base; therefore, the Government of Ontario should urge the Government of Canada to immediately reconsider its decision.

## NOTICES

### GOVERNMENT MOTION

3. *Debated May 17, 18, 23, 24, 25 and July 13, 1989.*
- 

### PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden—Resolution—That in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. April 27, 1989.*
2. *Ms Bryden—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. April 27, 1989.*
8. *Mr Brandt—Motion of Censure—That this House has lost confidence in the Minister of the Environment's capacity to exercise his responsibilities as a Minister of the Crown, specifically his duty under the *Environmental Protection Act* to insure the public's safety from toxic chemicals, as well as his duty under the *Freedom of Information and Protection of Privacy Act, 1987* to disclose information regarding a grave environmental, health or safety hazard to the public.*

Therefore, this House:

- 1) urges the Minister of the Environment to resign; and
  - 2) calls on the Premier of Ontario to appoint a public enquiry into his government's failure to insure that the public was fully informed with regard to the importation, sale, and use of toxic fuel and the government's mismanagement of this issue resulting in potential health and safety risks to the citizens of Ontario. *May 15, 1989.*
10. *Mr Harris—Resolution—That, in the opinion of this House, recognizing that non-refundable tax credits for political contributions effectively disenfranchise those without taxable incomes from this aspect of the political process; and, acknowledging the unfair treatment the current system affords*

lower-income Ontarians—many of whom are women, seniors, disabled, ethnic minorities, farmers and Native Canadians; legislation should be amended to provide for refundable tax credits to eliminate existing discrimination on the basis of income in the financing of Ontario political Parties and candidates. *May 17, 1989.*

21. *Mr Hampton*—Resolution—That in the opinion of this House, the Government of Canada should be condemned for its recent policies regarding native Education, and its failure to restore the funding of native Education to a level which will ensure that all native persons who want to enrol in a post secondary program of education will have the financial resources to do so; and calls upon the Government of Canada to open negotiations with First Nations representatives to establish a process which will provide adequate funding for Native post secondary education in the future. *July 17, 1989.*
23. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortage of acute care beds which is in part due to the use of these beds by chronic care patients and recognizing the added cost to the system as a result of this misuse of acute care beds and recognizing the higher quality of life afforded to patients who can stay in their own homes and the added efficiency in the system as a result of home care; the government of Ontario should establish and maintain a system of community palliative care services which would allow people to be cared for in their own homes or in hospices where the atmosphere allows basic human dignity to be the top priority. *July 25, 1989.*
24. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that Naturopathists have a body of knowledge on which the practice of naturopathy is based and recognizing the risk associated with an unlicensed person practicing naturopathy; the government of Ontario, recognizing the best interests of the public, should continue to legislate the regulation of Naturopathy. *July 25, 1989.*
25. *Mr McCague*—Resolution—That, in the opinion of this House, recognizing that the *Municipal Elections Statute Law Amendment Act*, 1988 setting out new rules for municipal elections was introduced and passed hastily by the Liberal government less than a year before the 1988 municipal elections, and given that there have been numerous problems arising from the 1988 municipal elections; the Government of Ontario should immediately initiate a review of the Act, of the problems of administration of same, and should consider establishing some mechanism, such as a Municipal Election Finance Commission, which would ensure uniform application of the Act. *July 25, 1989.*
26. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortages of health manpower in certain health care sectors in this province, including nurses, physician specialists, technologists and technicians, and the shortages in all types of health professions in Northern Ontario, and recognizing that there is no effective means presently available to monitor the Province-wide supply of health professionals, and recognizing that government and all health care professions should work co-operatively to

remedy these shortages and to identify the short-term and long-term needs for the supply of health manpower; the government of Ontario should support the establishment and funding of an independent Health Manpower Planning Institute with representatives of the health care professions, the Ministry of Colleges and Universities and the Ministry of Health to plan the future health manpower needs of the province. *July 26, 1989.*

28. *Mr Cousens*—Resolution—That in the opinion of this House, recognizing that all sittings of the District and Provincial Courts within the Judicial District of York Region take place in Newmarket; and that considerable time, expense and inconvenience is incurred by residents of the Town of Markham and South York Region since numerous matters are heard in Provincial Offences Court on an ongoing basis; the Attorney General should take immediate steps to have a regular sitting of the Provincial Offences Court and the Provincial Court (Criminal Division) at a location in the Town of Markham. *October 16, 1989.*
  30. *Mr Reycraft*—Resolution—That in the opinion of this House, recognizing that the federal government's decision to close down the Canadian Forces Base in London, Ontario, will result in a significant loss of employment and dislocation of individuals and families in the community; and further recognizing that there is no significant cost-saving in closing down the base; therefore, the Government of Ontario should urge the Government of Canada to immediately reconsider its decision. *October 25, 1989.*
-

## SPECIAL DEBATES

### OPPOSITION DAYS

2. *Mr Eves*—Opposition Day—That this House condemns the government for its failure to address the deterioration of our health care system—specifically its underfunding of hospital operating budgets resulting in the closing of hospital beds; its failure to keep its commitment to fund 4,400 new chronic and acute care hospital beds; its insensitivity to the increased waiting lists for health services forcing Ontarians to seek health care outside the province and resulting in the suffering of patients; its inability to foster a cooperative relationship and trust with health care providers; its inadequate support and funding for a more community-based approach to health care delivery; and, its attempts to blame individual doctors and health care professionals for the problems in the health care system. To be debated Wednesday, November 1, 1989. Minister of Health.
-

## QUESTIONS

*(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Thursday will appear on each day of the following week.)*

## NOTICES

### GOVERNMENT MOTION

3. *Debated May 17, 18, 23, 24, 25 and July 13, 1989.*
- 

### PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *April 27, 1989.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *April 27, 1989.*
8. *Mr Brandt*—Motion of Censure—That this House has lost confidence in the Minister of the Environment's capacity to exercise his responsibilities as a Minister of the Crown, specifically his duty under the *Environmental Protection Act* to insure the public's safety from toxic chemicals, as well as his duty under the *Freedom of Information and Protection of Privacy Act, 1987* to disclose information regarding a grave environmental, health or safety hazard to the public.

Therefore, this House:

- 1) urges the Minister of the Environment to resign; and
  - 2) calls on the Premier of Ontario to appoint a public enquiry into his government's failure to insure that the public was fully informed with regard to the importation, sale, and use of toxic fuel and the government's mismanagement of this issue resulting in potential health and safety risks to the citizens of Ontario. *May 15, 1989.*
10. *Mr Harris*—Resolution—That, in the opinion of this House, recognizing that non-refundable tax credits for political contributions effectively disenfranchise those without taxable incomes from this aspect of the political process; and, acknowledging the unfair treatment the current system affords

lower-income Ontarians—many of whom are women, seniors, disabled, ethnic minorities, farmers and Native Canadians; legislation should be amended to provide for refundable tax credits to eliminate existing discrimination on the basis of income in the financing of Ontario political Parties and candidates. *May 17, 1989.*

21. *Mr Hampton*—Resolution—That in the opinion of this House, the Government of Canada should be condemned for its recent policies regarding native Education, and its failure to restore the funding of native Education to a level which will ensure that all native persons who want to enrol in a post secondary program of education will have the financial resources to do so; and calls upon the Government of Canada to open negotiations with First Nations representatives to establish a process which will provide adequate funding for Native post secondary education in the future. *July 17, 1989.*
23. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortage of acute care beds which is in part due to the use of these beds by chronic care patients and recognizing the added cost to the system as a result of this misuse of acute care beds and recognizing the higher quality of life afforded to patients who can stay in their own homes and the added efficiency in the system as a result of home care; the government of Ontario should establish and maintain a system of community palliative care services which would allow people to be cared for in their own homes or in hospices where the atmosphere allows basic human dignity to be the top priority. *July 25, 1989.*
24. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that Naturopathists have a body of knowledge on which the practice of naturopathy is based and recognizing the risk associated with an unlicensed person practicing naturopathy; the government of Ontario, recognizing the best interests of the public, should continue to legislate the regulation of Naturopathy. *July 25, 1989.*
25. *Mr McCague*—Resolution—That, in the opinion of this House, recognizing that the *Municipal Elections Statute Law Amendment Act*, 1988 setting out new rules for municipal elections was introduced and passed hastily by the Liberal government less than a year before the 1988 municipal elections, and given that there have been numerous problems arising from the 1988 municipal elections; the Government of Ontario should immediately initiate a review of the Act, of the problems of administration of same, and should consider establishing some mechanism, such as a Municipal Election Finance Commission, which would ensure uniform application of the Act. *July 25, 1989.*
26. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortages of health manpower in certain health care sectors in this province, including nurses, physician specialists, technologists and technicians, and the shortages in all types of health professions in Northern Ontario, and recognizing that there is no effective means presently available to monitor the Province-wide supply of health professionals, and recognizing that government and all health care professions should work co-operatively to

remedy these shortages and to identify the short-term and long-term needs for the supply of health manpower; the government of Ontario should support the establishment and funding of an independent Health Manpower Planning Institute with representatives of the health care professions, the Ministry of Colleges and Universities and the Ministry of Health to plan the future health manpower needs of the province. *July 26, 1989.*

28. *Mr Cousens*—Resolution—That in the opinion of this House, recognizing that all sittings of the District and Provincial Courts within the Judicial District of York Region take place in Newmarket; and that considerable time, expense and inconvenience is incurred by residents of the Town of Markham and South York Region since numerous matters are heard in Provincial Offences Court on an ongoing basis; the Attorney General should take immediate steps to have a regular sitting of the Provincial Offences Court and the Provincial Court (Criminal Division) at a location in the Town of Markham. *October 16, 1989.*
  30. *Mr Reycraft*—Resolution—That in the opinion of this House, recognizing that the federal government's decision to close down the Canadian Forces Base in London, Ontario, will result in a significant loss of employment and dislocation of individuals and families in the community; and further recognizing that there is no significant cost-saving in closing down the base; therefore, the Government of Ontario should urge the Government of Canada to immediately reconsider its decision. *October 25, 1989.*
  31. *Mr Dietsch*—Resolution—That in the opinion of this House, recognizing that credit card purchases are not permitted in winery stores; and that purchasing by credit card is a socially accepted method of payment; and that wine beverages can be purchased at hotels, restaurants and duty free stores using a credit card, the Government of Ontario should make changes to the appropriate provincial government policies in order to allow for the purchase of wine by credit card in wineries and wine store outlets. *November 1, 1989.*
-

## SPECIAL DEBATES

### OPPOSITION DAYS

2. *Mr Eves*—Opposition Day—That this House condemns the government for its failure to address the deterioration of our health care system—specifically its underfunding of hospital operating budgets resulting in the closing of hospital beds; its failure to keep its commitment to fund 4,400 new chronic and acute care hospital beds; its insensitivity to the increased waiting lists for health services forcing Ontarians to seek health care outside the province and resulting in the suffering of patients; its inability to foster a cooperative relationship and trust with health care providers; its inadequate support and funding for a more community-based approach to health care delivery; and, its attempts to blame individual doctors and health care professionals for the problems in the health care system. To be debated today. Minister of Health.

## NOTICES

### GOVERNMENT MOTION

3. *Debated May 17, 18, 23, 24, 25 and July 13, 1989.*
- 

### PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *April 27, 1989.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *April 27, 1989.*
8. *Mr Brandt*—Motion of Censure—That this House has lost confidence in the Minister of the Environment's capacity to exercise his responsibilities as a Minister of the Crown, specifically his duty under the *Environmental Protection Act* to insure the public's safety from toxic chemicals, as well as his duty under the *Freedom of Information and Protection of Privacy Act, 1987* to disclose information regarding a grave environmental, health or safety hazard to the public.

Therefore, this House:

- 1) urges the Minister of the Environment to resign; and
- 2) calls on the Premier of Ontario to appoint a public enquiry into his government's failure to insure that the public was fully informed with regard to the importation, sale, and use of toxic fuel and the government's mismanagement of this issue resulting in potential health and safety risks to the citizens of Ontario. *May 15, 1989.*
10. *Mr Harris*—Resolution—That, in the opinion of this House, recognizing that non-refundable tax credits for political contributions effectively disenfranchise those without taxable incomes from this aspect of the political process; and, acknowledging the unfair treatment the current system affords

lower-income Ontarians—many of whom are women, seniors, disabled, ethnic minorities, farmers and Native Canadians: legislation should be amended to provide for refundable tax credits to eliminate existing discrimination on the basis of income in the financing of Ontario political Parties and candidates. *May 17, 1989.*

21. *Mr Hampton*—Resolution—That in the opinion of this House, the Government of Canada should be condemned for its recent policies regarding native Education, and its failure to restore the funding of native Education to a level which will ensure that all native persons who want to enrol in a post secondary program of education will have the financial resources to do so; and calls upon the Government of Canada to open negotiations with First Nations representatives to establish a process which will provide adequate funding for Native post secondary education in the future. *July 17, 1989.*
23. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortage of acute care beds which is in part due to the use of these beds by chronic care patients and recognizing the added cost to the system as a result of this misuse of acute care beds and recognizing the higher quality of life afforded to patients who can stay in their own homes and the added efficiency in the system as a result of home care; the government of Ontario should establish and maintain a system of community palliative care services which would allow people to be cared for in their own homes or in hospices where the atmosphere allows basic human dignity to be the top priority. *July 25, 1989.*
24. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that Naturopathists have a body of knowledge on which the practice of naturopathy is based and recognizing the risk associated with an unlicensed person practicing naturopathy; the government of Ontario, recognizing the best interests of the public, should continue to legislate the regulation of Naturopathy. *July 25, 1989.*
25. *Mr McCague*—Resolution—That, in the opinion of this House, recognizing that the *Municipal Elections Statute Law Amendment Act*, 1988 setting out new rules for municipal elections was introduced and passed hastily by the Liberal government less than a year before the 1988 municipal elections, and given that there have been numerous problems arising from the 1988 municipal elections; the Government of Ontario should immediately initiate a review of the Act, of the problems of administration of same, and should consider establishing some mechanism, such as a Municipal Election Finance Commission, which would ensure uniform application of the Act. *July 25, 1989.*
26. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortages of health manpower in certain health care sectors in this province, including nurses, physician specialists, technologists and technicians, and the shortages in all types of health professions in Northern Ontario, and recognizing that there is no effective means presently available to monitor the Province-wide supply of health professionals, and recognizing that government and all health care professions should work co-operatively to

remedy these shortages and to identify the short-term and long-term needs for the supply of health manpower; the government of Ontario should support the establishment and funding of an independent Health Manpower Planning Institute with representatives of the health care professions, the Ministry of Colleges and Universities and the Ministry of Health to plan the future health manpower needs of the province. *July 26, 1989.*

28. *Mr Cousens*—Resolution—That in the opinion of this House, recognizing that all sittings of the District and Provincial Courts within the Judicial District of York Region take place in Newmarket; and that considerable time, expense and inconvenience is incurred by residents of the Town of Markham and South York Region since numerous matters are heard in Provincial Offences Court on an ongoing basis; the Attorney General should take immediate steps to have a regular sitting of the Provincial Offences Court and the Provincial Court (Criminal Division) at a location in the Town of Markham. *October 16, 1989.*
  30. *Mr Reycraft*—Resolution—That in the opinion of this House, recognizing that the federal government's decision to close down the Canadian Forces Base in London, Ontario, will result in a significant loss of employment and dislocation of individuals and families in the community; and further recognizing that there is no significant cost-saving in closing down the base; therefore, the Government of Ontario should urge the Government of Canada to immediately reconsider its decision. *October 25, 1989.*
  31. *Mr Dietsch*—Resolution—That in the opinion of this House, recognizing that credit card purchases are not permitted in winery stores; and that purchasing by credit card is a socially accepted method of payment; and that wine beverages can be purchased at hotels, restaurants and duty free stores using a credit card, the Government of Ontario should make changes to the appropriate provincial government policies in order to allow for the purchase of wine by credit card in wineries and wine store outlets. *November 1, 1989.*

## NOTICES

### GOVERNMENT MOTION

3. *Debated May 17, 18, 23, 24, 25 and July 13, 1989.*
- 

### PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *April 27, 1989.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *April 27, 1989.*
8. *Mr Brandt*—Motion of Censure—That this House has lost confidence in the Minister of the Environment's capacity to exercise his responsibilities as a Minister of the Crown, specifically his duty under the *Environmental Protection Act* to insure the public's safety from toxic chemicals, as well as his duty under the *Freedom of Information and Protection of Privacy Act, 1987* to disclose information regarding a grave environmental, health or safety hazard to the public.

Therefore, this House:

- 1) urges the Minister of the Environment to resign; and
  - 2) calls on the Premier of Ontario to appoint a public enquiry into his government's failure to insure that the public was fully informed with regard to the importation, sale, and use of toxic fuel and the government's mismanagement of this issue resulting in potential health and safety risks to the citizens of Ontario. *May 15, 1989.*
10. *Mr Harris*—Resolution—That, in the opinion of this House, recognizing that non-refundable tax credits for political contributions effectively disenfranchise those without taxable incomes from this aspect of the political process; and, acknowledging the unfair treatment the current system affords

lower-income Ontarians—many of whom are women, seniors, disabled, ethnic minorities, farmers and Native Canadians; legislation should be amended to provide for refundable tax credits to eliminate existing discrimination on the basis of income in the financing of Ontario political Parties and candidates. *May 17, 1989.*

21. *Debated November 2, 1989.*

23. *Mr Eves—Resolution—*That, in the opinion of this House, recognizing the shortage of acute care beds which is in part due to the use of these beds by chronic care patients and recognizing the added cost to the system as a result of this misuse of acute care beds and recognizing the higher quality of life afforded to patients who can stay in their own homes and the added efficiency in the system as a result of home care; the government of Ontario should establish and maintain a system of community palliative care services which would allow people to be cared for in their own homes or in hospices where the atmosphere allows basic human dignity to be the top priority. *July 25, 1989.*

24. *Mr Eves—Resolution—*That, in the opinion of this House, recognizing that Naturopathists have a body of knowledge on which the practice of naturopathy is based and recognizing the risk associated with an unlicensed person practicing naturopathy; the government of Ontario, recognizing the best interests of the public, should continue to legislate the regulation of Naturopathy. *July 25, 1989.*

25. *Mr McCague—Resolution—*That, in the opinion of this House, recognizing that the *Municipal Elections Statute Law Amendment Act*, 1988 setting out new rules for municipal elections was introduced and passed hastily by the Liberal government less than a year before the 1988 municipal elections, and given that there have been numerous problems arising from the 1988 municipal elections; the Government of Ontario should immediately initiate a review of the Act, of the problems of administration of same, and should consider establishing some mechanism, such as a Municipal Election Finance Commission, which would ensure uniform application of the Act. *July 25, 1989.*

26. *Mr Eves—Resolution—*That, in the opinion of this House, recognizing the shortages of health manpower in certain health care sectors in this province, including nurses, physician specialists, technologists and technicians, and the shortages in all types of health professions in Northern Ontario, and recognizing that there is no effective means presently available to monitor the Province-wide supply of health professionals, and recognizing that government and all health care professions should work co-operatively to remedy these shortages and to identify the short-term and long-term needs for the supply of health manpower; the government of Ontario should support the establishment and funding of an independent Health Manpower Planning Institute with representatives of the health care professions, the Ministry of Colleges and Universities and the Ministry of Health to plan the future health manpower needs of the province. *July 26, 1989.*

28. *Mr Cousens*—Resolution—That in the opinion of this House, recognizing that all sittings of the District and Provincial Courts within the Judicial District of York Region take place in Newmarket; and that considerable time, expense and inconvenience is incurred by residents of the Town of Markham and South York Region since numerous matters are heard in Provincial Offences Court on an ongoing basis; the Attorney General should take immediate steps to have a regular sitting of the Provincial Offences Court and the Provincial Court (Criminal Division) at a location in the Town of Markham. *October 16, 1989.*
30. *Mr Reycraft*—Resolution—That in the opinion of this House, recognizing that the federal government's decision to close down the Canadian Forces Base in London, Ontario, will result in a significant loss of employment and dislocation of individuals and families in the community; and further recognizing that there is no significant cost-saving in closing down the base; therefore, the Government of Ontario should urge the Government of Canada to immediately reconsider its decision. *October 25, 1989.*
31. *Mr Dietsch*—Resolution—That in the opinion of this House, recognizing that credit card purchases are not permitted in winery stores; and that purchasing by credit card is a socially accepted method of payment; and that wine beverages can be purchased at hotels, restaurants and duty free stores using a credit card, the Government of Ontario should make changes to the appropriate provincial government policies in order to allow for the purchase of wine by credit card in wineries and wine store outlets. *November 1, 1989.*

## PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence in accordance with the Standing Order 94(d).)*

Ballot Item Numbers 23 and 24. *Debated November 2, 1989.*

Ballot Item Number 25. *To be debated on Thursday, November 9, 1989.*

*Mr Reycraft*—Resolution—That in the opinion of this House, recognizing that the federal government's decision to close down the Canadian Forces Base in London, Ontario, will result in a significant loss of employment and dislocation of individuals and families in the community; and further recognizing that there is no significant cost-saving in closing down the base; therefore, the Government of Ontario should urge the Government of Canada to immediately reconsider its decision.

Ballot Item Number 26. *To be debated on Thursday, November 9, 1989.*

*Second Reading* Bill 73, An Act to amend the Highway Traffic Act. *Mr Breaugh.*

Ballot Item Number 27. *To be debated on Thursday, November 16, 1989.*

*Mr McCague*—Resolution—That, in the opinion of this House, recognizing that the *Municipal Elections Statute Law Amendment Act, 1988* setting out new rules for municipal elections was introduced and passed hastily by the Liberal government less than a year before the 1988 municipal elections, and given that there have been numerous problems arising from the 1988 municipal elections; the Government of Ontario should immediately initiate a review of the Act, of the problems of administration of same, and should consider establishing some mechanism, such as a Municipal Election Finance Commission, which would ensure uniform application of the Act.

Ballot Item Number 28. *To be debated on Thursday, November 16, 1989.*

*Mr Dietsch*—Resolution—That in the opinion of this House, recognizing that credit card purchases are not permitted in winery stores; and that purchasing by credit card is a socially accepted method of payment; and that wine beverages can be purchased at hotels, restaurants and duty free stores using a credit card, the Government of Ontario should make changes to the appropriate provincial government policies in order to allow for the purchase of wine by credit card in wineries and wine store outlets.

Ballot Item Number 29. *To be debated on Thursday, November 23, 1989.*

*Second Reading* Bill 72, An Act to amend the Ticket Speculation Act. *Mr Farnan.*

Ballot Item Number 30. *To be debated on Thursday, November 23, 1989.*

*Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortages of health manpower in certain health care sectors in this province,

including nurses, physician specialists, technologists and technicians, and the shortages in all types of health professions in Northern Ontario, and recognizing that there is no effective means presently available to monitor the Province-wide supply of health professionals, and recognizing that government and all health care professions should work co-operatively to remedy these shortages and to identify the short-term and long-term needs for the supply of health manpower; the government of Ontario should support the establishment and funding of an independent Health Manpower Planning Institute with representatives of the health care professions, the Ministry of Colleges and Universities and the Ministry of Health to plan the future health manpower needs of the province.

## NOTICES

### GOVERNMENT MOTION

3. *Debated May 17, 18, 23, 24, 25 and July 13, 1989.*
- 

### PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *April 27, 1989.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *April 27, 1989.*
8. *Mr Brandt*—Motion of Censure—That this House has lost confidence in the Minister of the Environment's capacity to exercise his responsibilities as a Minister of the Crown, specifically his duty under the *Environmental Protection Act* to insure the public's safety from toxic chemicals, as well as his duty under the *Freedom of Information and Protection of Privacy Act, 1987* to disclose information regarding a grave environmental, health or safety hazard to the public.  
  
Therefore, this House:  
  
  - 1) urges the Minister of the Environment to resign; and
  - 2) calls on the Premier of Ontario to appoint a public enquiry into his government's failure to insure that the public was fully informed with regard to the importation, sale, and use of toxic fuel and the government's mismanagement of this issue resulting in potential health and safety risks to the citizens of Ontario. *May 15, 1989.*
10. *Mr Harris*—Resolution—That, in the opinion of this House, recognizing that non-refundable tax credits for political contributions effectively disenfranchise those without taxable incomes from this aspect of the political process; and, acknowledging the unfair treatment the current system affords

lower-income Ontarians—many of whom are women, seniors, disabled, ethnic minorities, farmers and Native Canadians; legislation should be amended to provide for refundable tax credits to eliminate existing discrimination on the basis of income in the financing of Ontario political Parties and candidates. *May 17, 1989.*

23. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortage of acute care beds which is in part due to the use of these beds by chronic care patients and recognizing the added cost to the system as a result of this misuse of acute care beds and recognizing the higher quality of life afforded to patients who can stay in their own homes and the added efficiency in the system as a result of home care; the government of Ontario should establish and maintain a system of community palliative care services which would allow people to be cared for in their own homes or in hospices where the atmosphere allows basic human dignity to be the top priority. *July 25, 1989.*
24. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that Naturopathists have a body of knowledge on which the practice of naturopathy is based and recognizing the risk associated with an unlicensed person practicing naturopathy; the government of Ontario, recognizing the best interests of the public, should continue to legislate the regulation of Naturopathy. *July 25, 1989.*
25. *Mr McCague*—Resolution—That, in the opinion of this House, recognizing that the *Municipal Elections Statute Law Amendment Act*, 1988 setting out new rules for municipal elections was introduced and passed hastily by the Liberal government less than a year before the 1988 municipal elections, and given that there have been numerous problems arising from the 1988 municipal elections; the Government of Ontario should immediately initiate a review of the Act, of the problems of administration of same, and should consider establishing some mechanism, such as a Municipal Election Finance Commission, which would ensure uniform application of the Act. *July 25, 1989.*
26. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortages of health manpower in certain health care sectors in this province, including nurses, physician specialists, technologists and technicians, and the shortages in all types of health professions in Northern Ontario, and recognizing that there is no effective means presently available to monitor the Province-wide supply of health professionals, and recognizing that government and all health care professions should work co-operatively to remedy these shortages and to identify the short-term and long-term needs for the supply of health manpower; the government of Ontario should support the establishment and funding of an independent Health Manpower Planning Institute with representatives of the health care professions, the Ministry of Colleges and Universities and the Ministry of Health to plan the future health manpower needs of the province. *July 26, 1989.*
28. *Mr Cousens*—Resolution—That in the opinion of this House, recognizing that all sittings of the District and Provincial Courts within the Judicial District of York Region take place in Newmarket; and that considerable

time, expense and inconvenience is incurred by residents of the Town of Markham and South York Region since numerous matters are heard in Provincial Offences Court on an ongoing basis; the Attorney General should take immediate steps to have a regular sitting of the Provincial Offences Court and the Provincial Court (Criminal Division) at a location in the Town of Markham. *October 16, 1989.*

30. *Mr Reycraft*—Resolution—That in the opinion of this House, recognizing that the federal government's decision to close down the Canadian Forces Base in London, Ontario, will result in a significant loss of employment and dislocation of individuals and families in the community; and further recognizing that there is no significant cost-saving in closing down the base; therefore, the Government of Ontario should urge the Government of Canada to immediately reconsider its decision. *October 25, 1989.*
31. *Mr Dietsch*—Resolution—That in the opinion of this House, recognizing that credit card purchases are not permitted in winery stores; and that purchasing by credit card is a socially accepted method of payment; and that wine beverages can be purchased at hotels, restaurants and duty free stores using a credit card, the Government of Ontario should make changes to the appropriate provincial government policies in order to allow for the purchase of wine by credit card in wineries and wine store outlets. *November 1, 1989.*

## NOTICES

### GOVERNMENT MOTION

3. *Debated May 17, 18, 23, 24, 25 and July 13, 1989.*
- 

### PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *April 27, 1989.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *April 27, 1989.*
8. *Mr Brandt*—Motion of Censure—That this House has lost confidence in the Minister of the Environment's capacity to exercise his responsibilities as a Minister of the Crown, specifically his duty under the *Environmental Protection Act* to insure the public's safety from toxic chemicals, as well as his duty under the *Freedom of Information and Protection of Privacy Act, 1987* to disclose information regarding a grave environmental, health or safety hazard to the public.

Therefore, this House:

- 1) urges the Minister of the Environment to resign; and
- 2) calls on the Premier of Ontario to appoint a public enquiry into his government's failure to insure that the public was fully informed with regard to the importation, sale, and use of toxic fuel and the government's mismanagement of this issue resulting in potential health and safety risks to the citizens of Ontario. *May 15, 1989.*
10. *Mr Harris*—Resolution—That, in the opinion of this House, recognizing that non-refundable tax credits for political contributions effectively disenfranchise those without taxable incomes from this aspect of the political process; and, acknowledging the unfair treatment the current system affords

lower-income Ontarians—many of whom are women, seniors, disabled, ethnic minorities, farmers and Native Canadians; legislation should be amended to provide for refundable tax credits to eliminate existing discrimination on the basis of income in the financing of Ontario political Parties and candidates. *May 17, 1989.*

23. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortage of acute care beds which is in part due to the use of these beds by chronic care patients and recognizing the added cost to the system as a result of this misuse of acute care beds and recognizing the higher quality of life afforded to patients who can stay in their own homes and the added efficiency in the system as a result of home care; the government of Ontario should establish and maintain a system of community palliative care services which would allow people to be cared for in their own homes or in hospices where the atmosphere allows basic human dignity to be the top priority. *July 25, 1989.*
24. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that Naturopathists have a body of knowledge on which the practice of naturopathy is based and recognizing the risk associated with an unlicensed person practicing naturopathy; the government of Ontario, recognizing the best interests of the public, should continue to legislate the regulation of Naturopathy. *July 25, 1989.*
25. *Mr McCague*—Resolution—That, in the opinion of this House, recognizing that the *Municipal Elections Statute Law Amendment Act*, 1988 setting out new rules for municipal elections was introduced and passed hastily by the Liberal government less than a year before the 1988 municipal elections, and given that there have been numerous problems arising from the 1988 municipal elections; the Government of Ontario should immediately initiate a review of the Act, of the problems of administration of same, and should consider establishing some mechanism, such as a Municipal Election Finance Commission, which would ensure uniform application of the Act. *July 25, 1989.*
26. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortages of health manpower in certain health care sectors in this province, including nurses, physician specialists, technologists and technicians, and the shortages in all types of health professions in Northern Ontario, and recognizing that there is no effective means presently available to monitor the Province-wide supply of health professionals, and recognizing that government and all health care professions should work co-operatively to remedy these shortages and to identify the short-term and long-term needs for the supply of health manpower; the government of Ontario should support the establishment and funding of an independent Health Manpower Planning Institute with representatives of the health care professions, the Ministry of Colleges and Universities and the Ministry of Health to plan the future health manpower needs of the province. *July 26, 1989.*
28. *Mr Cousens*—Resolution—That in the opinion of this House, recognizing that all sittings of the District and Provincial Courts within the Judicial District of York Region take place in Newmarket; and that considerable

time, expense and inconvenience is incurred by residents of the Town of Markham and South York Region since numerous matters are heard in Provincial Offences Court on an ongoing basis; the Attorney General should take immediate steps to have a regular sitting of the Provincial Offences Court and the Provincial Court (Criminal Division) at a location in the Town of Markham. *October 16, 1989.*

30. *Mr Reycraft*—Resolution—That in the opinion of this House, recognizing that the federal government's decision to close down the Canadian Forces Base in London, Ontario, will result in a significant loss of employment and dislocation of individuals and families in the community; and further recognizing that there is no significant cost-saving in closing down the base; therefore, the Government of Ontario should urge the Government of Canada to immediately reconsider its decision. *October 25, 1989.*
  31. *Mr Dietsch*—Resolution—That in the opinion of this House, recognizing that credit card purchases are not permitted in winery stores; and that purchasing by credit card is a socially accepted method of payment; and that wine beverages can be purchased at hotels, restaurants and duty free stores using a credit card, the Government of Ontario should make changes to the appropriate provincial government policies in order to allow for the purchase of wine by credit card in wineries and wine store outlets. *November 1, 1989.*

## SPECIAL DEBATES

### OPPOSITION DAYS

3. *Mrs Marland*—Opposition Day—That given the need to preserve greenspace in the Greater Toronto Area, given the unique character of the Rouge Valley, given the financial commitment of the federal government in support of the Save the Rouge efforts, given the threat to the Rouge of the province's plans for highway construction, and given that approximately 90% of the Rouge Valley lands are presently owned by the provincial government, this House is of the view that the provincial government should immediately take all appropriate steps to designate the Rouge Valley as a provincial park. To be debated on Thursday, November 16, 1989. Minister of the Environment.
-

## NOTICES

### GOVERNMENT MOTION

3. *Debated May 17, 18, 23, 24, 25 and July 13, 1989.*
- 

### PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden—Resolution—That in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. April 27, 1989.*
  2. *Ms Bryden—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. April 27, 1989.*
  8. *Mr Brandt—Motion of Censure—That this House has lost confidence in the Minister of the Environment's capacity to exercise his responsibilities as a Minister of the Crown, specifically his duty under the *Environmental Protection Act* to insure the public's safety from toxic chemicals, as well as his duty under the *Freedom of Information and Protection of Privacy Act, 1987* to disclose information regarding a grave environmental, health or safety hazard to the public.*
- Therefore, this House:
- 1) urges the Minister of the Environment to resign; and
  - 2) calls on the Premier of Ontario to appoint a public enquiry into his government's failure to insure that the public was fully informed with regard to the importation, sale, and use of toxic fuel and the government's mismanagement of this issue resulting in potential health and safety risks to the citizens of Ontario. *May 15, 1989.*
10. *Mr Harris—Resolution—That, in the opinion of this House, recognizing that non-refundable tax credits for political contributions effectively disenfranchise those without taxable incomes from this aspect of the political process; and, acknowledging the unfair treatment the current system affords*

lower-income Ontarians—many of whom are women, seniors, disabled, ethnic minorities, farmers and Native Canadians; legislation should be amended to provide for refundable tax credits to eliminate existing discrimination on the basis of income in the financing of Ontario political Parties and candidates. *May 17, 1989.*

23. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortage of acute care beds which is in part due to the use of these beds by chronic care patients and recognizing the added cost to the system as a result of this misuse of acute care beds and recognizing the higher quality of life afforded to patients who can stay in their own homes and the added efficiency in the system as a result of home care; the government of Ontario should establish and maintain a system of community palliative care services which would allow people to be cared for in their own homes or in hospices where the atmosphere allows basic human dignity to be the top priority. *July 25, 1989.*
24. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that Naturopathists have a body of knowledge on which the practice of naturopathy is based and recognizing the risk associated with an unlicensed person practicing naturopathy; the government of Ontario, recognizing the best interests of the public, should continue to legislate the regulation of Naturopathy. *July 25, 1989.*
25. *Mr McCague*—Resolution—That, in the opinion of this House, recognizing that the *Municipal Elections Statute Law Amendment Act*, 1988 setting out new rules for municipal elections was introduced and passed hastily by the Liberal government less than a year before the 1988 municipal elections, and given that there have been numerous problems arising from the 1988 municipal elections; the Government of Ontario should immediately initiate a review of the Act, of the problems of administration of same, and should consider establishing some mechanism, such as a Municipal Election Finance Commission, which would ensure uniform application of the Act. *July 25, 1989.*
26. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortages of health manpower in certain health care sectors in this province, including nurses, physician specialists, technologists and technicians, and the shortages in all types of health professions in Northern Ontario, and recognizing that there is no effective means presently available to monitor the Province-wide supply of health professionals, and recognizing that government and all health care professions should work co-operatively to remedy these shortages and to identify the short-term and long-term needs for the supply of health manpower; the government of Ontario should support the establishment and funding of an independent Health Manpower Planning Institute with representatives of the health care professions, the Ministry of Colleges and Universities and the Ministry of Health to plan the future health manpower needs of the province. *July 26, 1989.*
28. *Mr Cousens*—Resolution—That in the opinion of this House, recognizing that all sittings of the District and Provincial Courts within the Judicial District of York Region take place in Newmarket; and that considerable

time, expense and inconvenience is incurred by residents of the Town of Markham and South York Region since numerous matters are heard in Provincial Offences Court on an ongoing basis; the Attorney General should take immediate steps to have a regular sitting of the Provincial Offences Court and the Provincial Court (Criminal Division) at a location in the Town of Markham. *October 16, 1989.*

30. *Mr Reycraft*—Resolution—That in the opinion of this House, recognizing that the federal government's decision to close down the Canadian Forces Base in London, Ontario, will result in a significant loss of employment and dislocation of individuals and families in the community; and further recognizing that there is no significant cost-saving in closing down the base; therefore, the Government of Ontario should urge the Government of Canada to immediately reconsider its decision. *October 25, 1989.*
31. *Mr Dietsch*—Resolution—That in the opinion of this House, recognizing that credit card purchases are not permitted in winery stores; and that purchasing by credit card is a socially accepted method of payment; and that wine beverages can be purchased at hotels, restaurants and duty free stores using a credit card, the Government of Ontario should make changes to the appropriate provincial government policies in order to allow for the purchase of wine by credit card in wineries and wine store outlets. *November 1, 1989.*

## NOTICES

### GOVERNMENT MOTION

3. *Debated May 17, 18, 23, 24, 25; July 13 and November 9, 1989.*

---

### PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *April 27, 1989.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *April 27, 1989.*
8. *Mr Brandt*—Motion of Censure—That this House has lost confidence in the Minister of the Environment's capacity to exercise his responsibilities as a Minister of the Crown, specifically his duty under the *Environmental Protection Act* to insure the public's safety from toxic chemicals, as well as his duty under the *Freedom of Information and Protection of Privacy Act, 1987* to disclose information regarding a grave environmental, health or safety hazard to the public.

Therefore, this House:

- 1) urges the Minister of the Environment to resign; and
  - 2) calls on the Premier of Ontario to appoint a public enquiry into his government's failure to insure that the public was fully informed with regard to the importation, sale, and use of toxic fuel and the government's mismanagement of this issue resulting in potential health and safety risks to the citizens of Ontario. *May 15, 1989.*
10. *Mr Harris*—Resolution—That, in the opinion of this House, recognizing that non-refundable tax credits for political contributions effectively disenfranchise those without taxable incomes from this aspect of the political process; and, acknowledging the unfair treatment the current system affords

lower-income Ontarians—many of whom are women, seniors, disabled, ethnic minorities, farmers and Native Canadians; legislation should be amended to provide for refundable tax credits to eliminate existing discrimination on the basis of income in the financing of Ontario political Parties and candidates. *May 17, 1989.*

23. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortage of acute care beds which is in part due to the use of these beds by chronic care patients and recognizing the added cost to the system as a result of this misuse of acute care beds and recognizing the higher quality of life afforded to patients who can stay in their own homes and the added efficiency in the system as a result of home care; the government of Ontario should establish and maintain a system of community palliative care services which would allow people to be cared for in their own homes or in hospices where the atmosphere allows basic human dignity to be the top priority. *July 25, 1989.*
  
24. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that Naturopathists have a body of knowledge on which the practice of naturopathy is based and recognizing the risk associated with an unlicensed person practicing naturopathy; the government of Ontario, recognizing the best interests of the public, should continue to legislate the regulation of Naturopathy. *July 25, 1989.*
  
25. *Mr McCague*—Resolution—That, in the opinion of this House, recognizing that the *Municipal Elections Statute Law Amendment Act*, 1988 setting out new rules for municipal elections was introduced and passed hastily by the Liberal government less than a year before the 1988 municipal elections, and given that there have been numerous problems arising from the 1988 municipal elections; the Government of Ontario should immediately initiate a review of the Act, of the problems of administration of same, and should consider establishing some mechanism, such as a Municipal Election Finance Commission, which would ensure uniform application of the Act. *July 25, 1989.*
  
26. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortages of health manpower in certain health care sectors in this province, including nurses, physician specialists, technologists and technicians, and the shortages in all types of health professions in Northern Ontario, and recognizing that there is no effective means presently available to monitor the Province-wide supply of health professionals, and recognizing that government and all health care professions should work co-operatively to remedy these shortages and to identify the short-term and long-term needs for the supply of health manpower; the government of Ontario should support the establishment and funding of an independent Health Manpower Planning Institute with representatives of the health care professions, the Ministry of Colleges and Universities and the Ministry of Health to plan the future health manpower needs of the province. *July 26, 1989.*
  
28. *Mr Cousens*—Resolution—That in the opinion of this House, recognizing that all sittings of the District and Provincial Courts within the Judicial District of York Region take place in Newmarket; and that considerable

time, expense and inconvenience is incurred by residents of the Town of Markham and South York Region since numerous matters are heard in Provincial Offences Court on an ongoing basis; the Attorney General should take immediate steps to have a regular sitting of the Provincial Offences Court and the Provincial Court (Criminal Division) at a location in the Town of Markham. *October 16, 1989.*

30. *Debated November 9, 1989.*

31. *Mr Dietsch*—Resolution—That in the opinion of this House, recognizing that credit card purchases are not permitted in winery stores; and that purchasing by credit card is a socially accepted method of payment; and that wine beverages can be purchased at hotels, restaurants and duty free stores using a credit card, the Government of Ontario should make changes to the appropriate provincial government policies in order to allow for the purchase of wine by credit card in wineries and wine store outlets. *November 1, 1989.*

32. *Mr Farnan*—Resolution—That in the opinion of this House, the Government of Canada should strike a distinctive Canadian Volunteer Korean Service Medal to be awarded to those Canadians who served in the Korean War—25th of June, 1950 to 27th of July, 1953. *November 14, 1989.*

---

## SPECIAL DEBATES

### OPPOSITION DAYS

3. *Mrs Marland*—Opposition Day—That given the need to preserve greenspace in the Greater Toronto Area, given the unique character of the Rouge Valley, given the financial commitment of the federal government in support of the Save the Rouge efforts, given the threat to the Rouge of the province's plans for highway construction, and given that approximately 90% of the Rouge Valley lands are presently owned by the provincial government, this House is of the view that the provincial government should immediately take all appropriate steps to designate the Rouge Valley as a provincial park. To be debated on Thursday, November 16, 1989. Minister of the Environment.

## PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence in accordance with the Standing Order 94(d).)*

Ballot Item Numbers 25 and 26. *Debated November 9, 1989.*

Ballot Item Number 27. *To be debated on Thursday, November 16, 1989.*

*Mr McCague*—Resolution—That, in the opinion of this House, recognizing that the *Municipal Elections Statute Law Amendment Act*, 1988 setting out new rules for municipal elections was introduced and passed hastily by the Liberal government less than a year before the 1988 municipal elections, and given that there have been numerous problems arising from the 1988 municipal elections; the Government of Ontario should immediately initiate a review of the Act, of the problems of administration of same, and should consider establishing some mechanism, such as a Municipal Election Finance Commission, which would ensure uniform application of the Act.

Ballot Item Number 28. *To be debated on Thursday, November 16, 1989.*

*Mr Dietsch*—Resolution—That in the opinion of this House, recognizing that credit card purchases are not permitted in winery stores; and that purchasing by credit card is a socially accepted method of payment; and that wine beverages can be purchased at hotels, restaurants and duty free stores using a credit card, the Government of Ontario should make changes to the appropriate provincial government policies in order to allow for the purchase of wine by credit card in wineries and wine store outlets.

Ballot Item Number 29. *To be debated on Thursday, November 23, 1989.*

*Mr Farnan*—Resolution—That in the opinion of this House, the Government of Canada should strike a distinctive Canadian Volunteer Korean Service Medal to be awarded to those Canadians who served in the Korean War—25th of June, 1950 to 27th of July, 1953.

Ballot Item Number 30. *To be debated on Thursday, November 23, 1989.*

*Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortages of health manpower in certain health care sectors in this province, including nurses, physician specialists, technologists and technicians, and the shortages in all types of health professions in Northern Ontario, and recognizing that there is no effective means presently available to monitor the Province-wide supply of health professionals, and recognizing that government and all health care professions should work co-operatively to remedy these shortages and to identify the short-term and long-term needs for the supply of health manpower; the government of Ontario should support the establishment and funding of an independent Health Manpower Planning Institute with representatives of the health care professions, the Ministry of Colleges and Universities and the Ministry of Health to plan the future health manpower needs of the province.

## NOTICES

### GOVERNMENT MOTION

3. *Debated May 17, 18, 23, 24, 25; July 13 and November 9, 1989.*
- 

### PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *April 27, 1989.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *April 27, 1989.*
8. *Mr Brandt*—Motion of Censure—That this House has lost confidence in the Minister of the Environment's capacity to exercise his responsibilities as a Minister of the Crown, specifically his duty under the *Environmental Protection Act* to insure the public's safety from toxic chemicals, as well as his duty under the *Freedom of Information and Protection of Privacy Act, 1987* to disclose information regarding a grave environmental, health or safety hazard to the public.

Therefore, this House:

- 1) urges the Minister of the Environment to resign; and
  - 2) calls on the Premier of Ontario to appoint a public enquiry into his government's failure to insure that the public was fully informed with regard to the importation, sale, and use of toxic fuel and the government's mismanagement of this issue resulting in potential health and safety risks to the citizens of Ontario. *May 15, 1989.*
10. *Mr Harris*—Resolution—That, in the opinion of this House, recognizing that non-refundable tax credits for political contributions effectively disenfranchise those without taxable incomes from this aspect of the political process; and, acknowledging the unfair treatment the current system affords

lower-income Ontarians—many of whom are women, seniors, disabled, ethnic minorities, farmers and Native Canadians; legislation should be amended to provide for refundable tax credits to eliminate existing discrimination on the basis of income in the financing of Ontario political Parties and candidates. *May 17, 1989.*

23. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortage of acute care beds which is in part due to the use of these beds by chronic care patients and recognizing the added cost to the system as a result of this misuse of acute care beds and recognizing the higher quality of life afforded to patients who can stay in their own homes and the added efficiency in the system as a result of home care; the government of Ontario should establish and maintain a system of community palliative care services which would allow people to be cared for in their own homes or in hospices where the atmosphere allows basic human dignity to be the top priority. *July 25, 1989.*
  
24. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that Naturopathists have a body of knowledge on which the practice of naturopathy is based and recognizing the risk associated with an unlicensed person practicing naturopathy; the government of Ontario, recognizing the best interests of the public, should continue to legislate the regulation of Naturopathy. *July 25, 1989.*
  
25. *Mr McCague*—Resolution—That, in the opinion of this House, recognizing that the *Municipal Elections Statute Law Amendment Act*, 1988 setting out new rules for municipal elections was introduced and passed hastily by the Liberal government less than a year before the 1988 municipal elections, and given that there have been numerous problems arising from the 1988 municipal elections; the Government of Ontario should immediately initiate a review of the Act, of the problems of administration of same, and should consider establishing some mechanism, such as a Municipal Election Finance Commission, which would ensure uniform application of the Act. *July 25, 1989.*
  
26. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortages of health manpower in certain health care sectors in this province, including nurses, physician specialists, technologists and technicians, and the shortages in all types of health professions in Northern Ontario, and recognizing that there is no effective means presently available to monitor the Province-wide supply of health professionals, and recognizing that government and all health care professions should work co-operatively to remedy these shortages and to identify the short-term and long-term needs for the supply of health manpower; the government of Ontario should support the establishment and funding of an independent Health Manpower Planning Institute with representatives of the health care professions, the Ministry of Colleges and Universities and the Ministry of Health to plan the future health manpower needs of the province. *July 26, 1989.*
  
28. *Mr Cousens*—Resolution—That in the opinion of this House, recognizing that all sittings of the District and Provincial Courts within the Judicial District of York Region take place in Newmarket; and that considerable

time, expense and inconvenience is incurred by residents of the Town of Markham and South York Region since numerous matters are heard in Provincial Offences Court on an ongoing basis; the Attorney General should take immediate steps to have a regular sitting of the Provincial Offences Court and the Provincial Court (Criminal Division) at a location in the Town of Markham. *October 16, 1989.*

31. *Mr Dietsch*—Resolution—That in the opinion of this House, recognizing that credit card purchases are not permitted in winery stores; and that purchasing by credit card is a socially accepted method of payment; and that wine beverages can be purchased at hotels, restaurants and duty free stores using a credit card, the Government of Ontario should make changes to the appropriate provincial government policies in order to allow for the purchase of wine by credit card in wineries and wine store outlets. *November 1, 1989.*
  32. *Mr Farnan*—Resolution—That in the opinion of this House, the Government of Canada should strike a distinctive Canadian Volunteer Korean Service Medal to be awarded to those Canadians who served in the Korean War—25th of June, 1950 to 27th of July, 1953. *November 14, 1989.*
-

## SPECIAL DEBATES

### OPPOSITION DAYS

3. *Mrs Marland*—Opposition Day—That given the need to preserve greenspace in the Greater Toronto Area, given the unique character of the Rouge Valley, given the financial commitment of the federal government in support of the Save the Rouge efforts, given the threat to the Rouge of the province's plans for highway construction, and given that approximately 90% of the Rouge Valley lands are presently owned by the provincial government, this House is of the view that the provincial government should immediately take all appropriate steps to designate the Rouge Valley as a provincial park. To be debated on Monday, November 20, 1989. Minister of the Environment.

## QUESTIONS

*(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Thursday will appear on each day of the following week.)*

## NOTICES

### GOVERNMENT MOTION

3. *Debated May 17, 18, 23, 24, 25; July 13 and November 9, 1989.*
- 

### PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden—Resolution—That in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. April 27, 1989.*
  2. *Ms Bryden—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. April 27, 1989.*
  8. *Mr Brandt—Motion of Censure—That this House has lost confidence in the Minister of the Environment's capacity to exercise his responsibilities as a Minister of the Crown, specifically his duty under the *Environmental Protection Act* to insure the public's safety from toxic chemicals, as well as his duty under the *Freedom of Information and Protection of Privacy Act, 1987* to disclose information regarding a grave environmental, health or safety hazard to the public.*
- Therefore, this House:
- 1) urges the Minister of the Environment to resign; and
  - 2) calls on the Premier of Ontario to appoint a public enquiry into his government's failure to insure that the public was fully informed with regard to the importation, sale, and use of toxic fuel and the government's mismanagement of this issue resulting in potential health and safety risks to the citizens of Ontario. *May 15, 1989.*
10. *Mr Harris—Resolution—That, in the opinion of this House, recognizing that non-refundable tax credits for political contributions effectively disenfranchise those without taxable incomes from this aspect of the political process; and, acknowledging the unfair treatment the current system affords*

lower-income Ontarians—many of whom are women, seniors, disabled, ethnic minorities, farmers and Native Canadians; legislation should be amended to provide for refundable tax credits to eliminate existing discrimination on the basis of income in the financing of Ontario political Parties and candidates. *May 17, 1989.*

23. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortage of acute care beds which is in part due to the use of these beds by chronic care patients and recognizing the added cost to the system as a result of this misuse of acute care beds and recognizing the higher quality of life afforded to patients who can stay in their own homes and the added efficiency in the system as a result of home care; the government of Ontario should establish and maintain a system of community palliative care services which would allow people to be cared for in their own homes or in hospices where the atmosphere allows basic human dignity to be the top priority. *July 25, 1989.*
  
24. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that Naturopathists have a body of knowledge on which the practice of naturopathy is based and recognizing the risk associated with an unlicensed person practicing naturopathy; the government of Ontario, recognizing the best interests of the public, should continue to legislate the regulation of Naturopathy. *July 25, 1989.*
  
25. *Mr McCague*—Resolution—That, in the opinion of this House, recognizing that the *Municipal Elections Statute Law Amendment Act*, 1988 setting out new rules for municipal elections was introduced and passed hastily by the Liberal government less than a year before the 1988 municipal elections, and given that there have been numerous problems arising from the 1988 municipal elections; the Government of Ontario should immediately initiate a review of the Act, of the problems of administration of same, and should consider establishing some mechanism, such as a Municipal Election Finance Commission, which would ensure uniform application of the Act. *July 25, 1989.*
  
26. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortages of health manpower in certain health care sectors in this province, including nurses, physician specialists, technologists and technicians, and the shortages in all types of health professions in Northern Ontario, and recognizing that there is no effective means presently available to monitor the Province-wide supply of health professionals, and recognizing that government and all health care professions should work co-operatively to remedy these shortages and to identify the short-term and long-term needs for the supply of health manpower; the government of Ontario should support the establishment and funding of an independent Health Manpower Planning Institute with representatives of the health care professions, the Ministry of Colleges and Universities and the Ministry of Health to plan the future health manpower needs of the province. *July 26, 1989.*
  
28. *Mr Cousens*—Resolution—That in the opinion of this House, recognizing that all sittings of the District and Provincial Courts within the Judicial District of York Region take place in Newmarket; and that considerable

time, expense and inconvenience is incurred by residents of the Town of Markham and South York Region since numerous matters are heard in Provincial Offences Court on an ongoing basis; the Attorney General should take immediate steps to have a regular sitting of the Provincial Offences Court and the Provincial Court (Criminal Division) at a location in the Town of Markham. *October 16, 1989.*

31. *Mr Dietsch*—Resolution—That in the opinion of this House, recognizing that credit card purchases are not permitted in winery stores; and that purchasing by credit card is a socially accepted method of payment; and that wine beverages can be purchased at hotels, restaurants and duty free stores using a credit card, the Government of Ontario should make changes to the appropriate provincial government policies in order to allow for the purchase of wine by credit card in wineries and wine store outlets. *November 1, 1989.*
  32. *Mr Farnan*—Resolution—That in the opinion of this House, the Government of Canada should strike a distinctive Canadian Volunteer Korean Service Medal to be awarded to those Canadians who served in the Korean War—25th of June, 1950 to 27th of July, 1953. *November 14, 1989.*
-

## SPECIAL DEBATES

### OPPOSITION DAYS

3. *Mrs Marland*—Opposition Day—That given the need to preserve greenspace in the Greater Toronto Area, given the unique character of the Rouge Valley, given the financial commitment of the federal government in support of the Save the Rouge efforts, given the threat to the Rouge of the province's plans for highway construction, and given that approximately 90% of the Rouge Valley lands are presently owned by the provincial government, this House is of the view that the provincial government should immediately take all appropriate steps to designate the Rouge Valley as a provincial park. To be debated on Monday, November 20, 1989. Minister of the Environment.
  4. *Mr Laughren*—Opposition Day—This House resolves that given the regressive nature of the Federal Goods and Services Tax, this Liberal government will, under no circumstances participate in a joint Federal-Provincial sales tax on goods and services. To be debated on Tuesday, November 21, 1989. Treasurer of Ontario and Minister of Economics.

## PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence in accordance with the Standing Order 94(d).)*

Ballot Item Number 27. *To be debated today.*

*Mr McCague*—Resolution—That, in the opinion of this House, recognizing that the *Municipal Elections Statute Law Amendment Act*, 1988 setting out new rules for municipal elections was introduced and passed hastily by the Liberal government less than a year before the 1988 municipal elections, and given that there have been numerous problems arising from the 1988 municipal elections; the Government of Ontario should immediately initiate a review of the Act, of the problems of administration of same, and should consider establishing some mechanism, such as a Municipal Election Finance Commission, which would ensure uniform application of the Act.

*Mr Dietsch*—Resolution—That in the opinion of this House, recognizing that credit card purchases are not permitted in winery stores; and that purchasing by credit card is a socially accepted method of payment; and that wine beverages can be purchased at hotels, restaurants and duty free stores using a credit card, the Government of Ontario should make changes to the appropriate provincial government policies in order to allow for the purchase of wine by credit card in wineries and wine store outlets.

Ballot Item Number 29. *To be debated on Thursday, November 23, 1989.*

*Mr Farnan*—Resolution—That in the opinion of this House, the Government of Canada should strike a distinctive Canadian Volunteer Korean Service Medal to be awarded to those Canadians who served in the Korean War—25th of June, 1950 to 27th of July, 1953. *November 14, 1989.*

Ballot Item Number 30. *To be debated on Thursday, November 23, 1989.*

*Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortages of health manpower in certain health care sectors in this province, including nurses, physician specialists, technologists and technicians, and the shortages in all types of health professions in Northern Ontario, and recognizing that there is no effective means presently available to monitor the Province-wide supply of health professionals, and recognizing that government and all health care professions should work co-operatively to remedy these shortages and to identify the short-term and long-term needs for the supply of health manpower; the government of Ontario should support the establishment and funding of an independent Health Manpower Planning Institute with representatives of the health care professions, the Ministry of Colleges and Universities and the Ministry of Health to plan the future health manpower needs of the province.

## NOTICES

### GOVERNMENT MOTION

3. *Debated May 17, 18, 23, 24, 25; July 13 and November 9, 1989.*

### PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *April 27, 1989.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *April 27, 1989.*
8. *Mr Brandt*—Motion of Censure—That this House has lost confidence in the Minister of the Environment's capacity to exercise his responsibilities as a Minister of the Crown, specifically his duty under the *Environmental Protection Act* to insure the public's safety from toxic chemicals, as well as his duty under the *Freedom of Information and Protection of Privacy Act, 1987* to disclose information regarding a grave environmental, health or safety hazard to the public.

Therefore, this House:

- 1) urges the Minister of the Environment to resign; and
  - 2) calls on the Premier of Ontario to appoint a public enquiry into his government's failure to insure that the public was fully informed with regard to the importation, sale, and use of toxic fuel and the government's mismanagement of this issue resulting in potential health and safety risks to the citizens of Ontario. *May 15, 1989.*
10. *Mr Harris*—Resolution—That, in the opinion of this House, recognizing that non-refundable tax credits for political contributions effectively disenfranchise those without taxable incomes from this aspect of the political process; and, acknowledging the unfair treatment the current system affords

lower-income Ontarians—many of whom are women, seniors, disabled, ethnic minorities, farmers and Native Canadians; legislation should be amended to provide for refundable tax credits to eliminate existing discrimination on the basis of income in the financing of Ontario political Parties and candidates. *May 17, 1989.*

23. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortage of acute care beds which is in part due to the use of these beds by chronic care patients and recognizing the added cost to the system as a result of this misuse of acute care beds and recognizing the higher quality of life afforded to patients who can stay in their own homes and the added efficiency in the system as a result of home care; the government of Ontario should establish and maintain a system of community palliative care services which would allow people to be cared for in their own homes or in hospices where the atmosphere allows basic human dignity to be the top priority. *July 25, 1989.*
24. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that Naturopathists have a body of knowledge on which the practice of naturopathy is based and recognizing the risk associated with an unlicensed person practicing naturopathy; the government of Ontario, recognizing the best interests of the public, should continue to legislate the regulation of Naturopathy. *July 25, 1989.*
25. *Debated November 16, 1989.*
26. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortages of health manpower in certain health care sectors in this province, including nurses, physician specialists, technologists and technicians, and the shortages in all types of health professions in Northern Ontario, and recognizing that there is no effective means presently available to monitor the Province-wide supply of health professionals, and recognizing that government and all health care professions should work co-operatively to remedy these shortages and to identify the short-term and long-term needs for the supply of health manpower; the government of Ontario should support the establishment and funding of an independent Health Manpower Planning Institute with representatives of the health care professions, the Ministry of Colleges and Universities and the Ministry of Health to plan the future health manpower needs of the province. *July 26, 1989.*
28. *Mr Cousens*—Resolution—That in the opinion of this House, recognizing that all sittings of the District and Provincial Courts within the Judicial District of York Region take place in Newmarket; and that considerable time, expense and inconvenience is incurred by residents of the Town of Markham and South York Region since numerous matters are heard in Provincial Offences Court on an ongoing basis; the Attorney General should take immediate steps to have a regular sitting of the Provincial Offences Court and the Provincial Court (Criminal Division) at a location in the Town of Markham. *October 16, 1989.*
31. *Debated November 16, 1989.*

32. *Mr Farnan*—Resolution—That in the opinion of this House, the Government of Canada should strike a distinctive Canadian Volunteer Korean Service Medal to be awarded to those Canadians who served in the Korean War—25th of June, 1950 to 27th of July, 1953. *November 14, 1989.*

## SPECIAL DEBATES

### OPPOSITION DAYS

3. *Mrs Marland*—Opposition Day—That given the need to preserve greenspace in the Greater Toronto Area, given the unique character of the Rouge Valley, given the financial commitment of the federal government in support of the Save the Rouge efforts, given the threat to the Rouge of the province's plans for highway construction, and given that approximately 90% of the Rouge Valley lands are presently owned by the provincial government, this House is of the view that the provincial government should immediately take all appropriate steps to designate the Rouge Valley as a provincial park. To be debated today. Minister of the Environment.
  4. *Mr Laughren*—Opposition Day—This House resolves that given the regressive nature of the Federal Goods and Services Tax, this Liberal government will, under no circumstances participate in a joint Federal-Provincial sales tax on goods and services. To be debated on Tuesday, November 21, 1989. Treasurer of Ontario and Minister of Economics.

## NOTICES

### GOVERNMENT MOTION

3. *Debated May 17, 18, 23, 24, 25; July 13 and November 9, 1989.*
- 

### PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden—Resolution—That in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. April 27, 1989.*
2. *Ms Bryden—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. April 27, 1989.*
8. *Mr Brandt—Motion of Censure—That this House has lost confidence in the Minister of the Environment's capacity to exercise his responsibilities as a Minister of the Crown, specifically his duty under the *Environmental Protection Act* to insure the public's safety from toxic chemicals, as well as his duty under the *Freedom of Information and Protection of Privacy Act, 1987* to disclose information regarding a grave environmental, health or safety hazard to the public.*

Therefore, this House:

- 1) urges the Minister of the Environment to resign; and
  - 2) calls on the Premier of Ontario to appoint a public enquiry into his government's failure to insure that the public was fully informed with regard to the importation, sale, and use of toxic fuel and the government's mismanagement of this issue resulting in potential health and safety risks to the citizens of Ontario. *May 15, 1989.*
10. *Mr Harris—Resolution—That, in the opinion of this House, recognizing that non-refundable tax credits for political contributions effectively disenfranchise those without taxable incomes from this aspect of the political process; and, acknowledging the unfair treatment the current system affords*

lower-income Ontarians—many of whom are women, seniors, disabled, ethnic minorities, farmers and Native Canadians; legislation should be amended to provide for refundable tax credits to eliminate existing discrimination on the basis of income in the financing of Ontario political Parties and candidates. *May 17, 1989.*

23. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortage of acute care beds which is in part due to the use of these beds by chronic care patients and recognizing the added cost to the system as a result of this misuse of acute care beds and recognizing the higher quality of life afforded to patients who can stay in their own homes and the added efficiency in the system as a result of home care; the government of Ontario should establish and maintain a system of community palliative care services which would allow people to be cared for in their own homes or in hospices where the atmosphere allows basic human dignity to be the top priority. *July 25, 1989.*
24. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that Naturopathists have a body of knowledge on which the practice of naturopathy is based and recognizing the risk associated with an unlicensed person practicing naturopathy; the government of Ontario, recognizing the best interests of the public, should continue to legislate the regulation of Naturopathy. *July 25, 1989.*
26. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortages of health manpower in certain health care sectors in this province, including nurses, physician specialists, technologists and technicians, and the shortages in all types of health professions in Northern Ontario, and recognizing that there is no effective means presently available to monitor the Province-wide supply of health professionals, and recognizing that government and all health care professions should work co-operatively to remedy these shortages and to identify the short-term and long-term needs for the supply of health manpower; the government of Ontario should support the establishment and funding of an independent Health Manpower Planning Institute with representatives of the health care professions, the Ministry of Colleges and Universities and the Ministry of Health to plan the future health manpower needs of the province. *July 26, 1989.*
28. *Mr Cousens*—Resolution—That in the opinion of this House, recognizing that all sittings of the District and Provincial Courts within the Judicial District of York Region take place in Newmarket; and that considerable time, expense and inconvenience is incurred by residents of the Town of Markham and South York Region since numerous matters are heard in Provincial Offences Court on an ongoing basis; the Attorney General should take immediate steps to have a regular sitting of the Provincial Offences Court and the Provincial Court (Criminal Division) at a location in the Town of Markham. *October 16, 1989.*
32. *Mr Farnan*—Resolution—That in the opinion of this House, the Government of Canada should strike a distinctive Canadian Volunteer Korean Service Medal to be awarded to those Canadians who served in the Korean War—25th of June, 1950 to 27th of July, 1953. *November 14, 1989.*

## SPECIAL DEBATES

### OPPOSITION DAYS

3. *Debated November 20, 1989.*
  4. *Mr Laughren*—Opposition Day—This House resolves that given the regressive nature of the Federal Goods and Services Tax, this Liberal government will, under no circumstances participate in a joint Federal-Provincial sales tax on goods and services. To be debated today. Treasurer of Ontario and Minister of Economics.

## PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence in accordance with the Standing Order 94(d).)*

Ballot Item Number 29. *To be debated on Thursday, November 23, 1989.*

*Mr Farnan*—Resolution—That in the opinion of this House, the Government of Canada should strike a distinctive Canadian Volunteer Korean Service Medal to be awarded to those Canadians who served in the Korean War—25th of June, 1950 to 27th of July, 1953. *November 14, 1989.*

Ballot Item Number 30. *To be debated on Thursday, November 23, 1989.*

*Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortages of health manpower in certain health care sectors in this province, including nurses, physician specialists, technologists and technicians, and the shortages in all types of health professions in Northern Ontario, and recognizing that there is no effective means presently available to monitor the Province-wide supply of health professionals, and recognizing that government and all health care professions should work co-operatively to remedy these shortages and to identify the short-term and long-term needs for the supply of health manpower; the government of Ontario should support the establishment and funding of an independent Health Manpower Planning Institute with representatives of the health care professions, the Ministry of Colleges and Universities and the Ministry of Health to plan the future health manpower needs of the province.

### PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden—Resolution—That in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. April 27, 1989.*
2. *Ms Bryden—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. April 27, 1989.*
8. *Mr Brandt—Motion of Censure—That this House has lost confidence in the Minister of the Environment's capacity to exercise his responsibilities as a Minister of the Crown, specifically his duty under the *Environmental Protection Act* to insure the public's safety from toxic chemicals, as well as his duty under the *Freedom of Information and Protection of Privacy Act, 1987* to disclose information regarding a grave environmental, health or safety hazard to the public.*  
  
Therefore, this House:  
  - 1) urges the Minister of the Environment to resign; and
  - 2) calls on the Premier of Ontario to appoint a public enquiry into his government's failure to insure that the public was fully informed with regard to the importation, sale, and use of toxic fuel and the government's mismanagement of this issue resulting in potential health and safety risks to the citizens of Ontario. May 15, 1989.
10. *Mr Harris—Resolution—That, in the opinion of this House, recognizing that non-refundable tax credits for political contributions effectively disenfranchise those without taxable incomes from this aspect of the political process; and, acknowledging the unfair treatment the current system affords*

lower-income Ontarians—many of whom are women, seniors, disabled, ethnic minorities, farmers and Native Canadians; legislation should be amended to provide for refundable tax credits to eliminate existing discrimination on the basis of income in the financing of Ontario political Parties and candidates. *May 17, 1989.*

23. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortage of acute care beds which is in part due to the use of these beds by chronic care patients and recognizing the added cost to the system as a result of this misuse of acute care beds and recognizing the higher quality of life afforded to patients who can stay in their own homes and the added efficiency in the system as a result of home care; the government of Ontario should establish and maintain a system of community palliative care services which would allow people to be cared for in their own homes or in hospices where the atmosphere allows basic human dignity to be the top priority. *July 25, 1989.*
24. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that Naturopathists have a body of knowledge on which the practice of naturopathy is based and recognizing the risk associated with an unlicensed person practicing naturopathy; the government of Ontario, recognizing the best interests of the public, should continue to legislate the regulation of Naturopathy. *July 25, 1989.*
26. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortages of health manpower in certain health care sectors in this province, including nurses, physician specialists, technologists and technicians, and the shortages in all types of health professions in Northern Ontario, and recognizing that there is no effective means presently available to monitor the Province-wide supply of health professionals, and recognizing that government and all health care professions should work co-operatively to remedy these shortages and to identify the short-term and long-term needs for the supply of health manpower; the government of Ontario should support the establishment and funding of an independent Health Manpower Planning Institute with representatives of the health care professions, the Ministry of Colleges and Universities and the Ministry of Health to plan the future health manpower needs of the province. *July 26, 1989.*
28. *Mr Cousens*—Resolution—That in the opinion of this House, recognizing that all sittings of the District and Provincial Courts within the Judicial District of York Region take place in Newmarket; and that considerable time, expense and inconvenience is incurred by residents of the Town of Markham and South York Region since numerous matters are heard in Provincial Offences Court on an ongoing basis; the Attorney General should take immediate steps to have a regular sitting of the Provincial Offences Court and the Provincial Court (Criminal Division) at a location in the Town of Markham. *October 16, 1989.*
32. *Mr Farnan*—Resolution—That in the opinion of this House, the Government of Canada should strike a distinctive Canadian Volunteer Korean Service Medal to be awarded to those Canadians who served in the Korean War—25th of June, 1950 to 27th of July, 1953. *November 14, 1989.*

33. *Mr Pouliot*—Resolution—That in the opinion of this House, recognizing that health care is totally inadequate for Ontario's First Nations People, and recognizing that aboriginal people's requests for improvements are often not met because of jurisdictional disputes between the federal and provincial governments and further recognizing that Ontario's indigenous peoples want some control over the provision and delivery of their health care, the Government of Ontario should immediately take whatever measures necessary to ensure that:

the level of health care services to Ontario's First Nations is at the same level as other Ontarians;

the jurisdictional disputes between the federal and provincial levels of government are reduced and eventually eliminated; and

a process of giving control over the provision and delivery of health care services to the First Nations is developed and implemented.  
*November 22, 1989.*

34. *Mr Henderson*—Resolution—That in the opinion of this House, recognizing that the best interests of the child can be fulfilled by ensuring the child's access to love and emotional nurturance of each caring parent, and recognizing that a mother and a father are likely to participate more fully in the growth and emotional development of their child through a nurturing parent-child relationship when child care and child nurturing responsibilities are shared with another caring adult, and recognizing that children benefit from a caring relationship with grandparents who bring a wealth of life experience to a nurturant relationship with a grandchild, and recognizing that society at large can benefit from the creative energies of mothers, fathers and children who are facilitated in their pursuit of vocational, academic, recreational and social opportunities and who are freed from the painful and demoralizing personal struggles that occur when matters of child custody and access are determined through adversarial process. Every effort should be made to foster mediative rather than adversarial process to resolve disputes about custody and access, and every administrative effort should be made to bring together services designed to facilitate the cooperative mediation and resolution of custody and access disputes as a preferable alternative to adversarial court process, and efforts should be made, after family dissolution, to allow a child to have a frequent and continued nurturing and care-taken relationship with each parent unless the court determines that such a relationship with a particular parent will have a destructive influence on a particular child's healthy development and sense of well-being. *November 22, 1989.*

## PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence in accordance with the Standing Order 94(d).)*

Ballot Item Number 29. *To be debated on Thursday, November 23, 1989.*

*Mr Farnan*—Resolution—That in the opinion of this House, the Government of Canada should strike a distinctive Canadian Volunteer Korean Service Medal to be awarded to those Canadians who served in the Korean War—25th of June, 1950 to 27th of July, 1953. *November 14, 1989.*

Ballot Item Number 30. *To be debated on Thursday, November 23, 1989.*

*Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortages of health manpower in certain health care sectors in this province, including nurses, physician specialists, technologists and technicians, and the shortages in all types of health professions in Northern Ontario, and recognizing that there is no effective means presently available to monitor the Province-wide supply of health professionals, and recognizing that government and all health care professions should work co-operatively to remedy these shortages and to identify the short-term and long-term needs for the supply of health manpower; the government of Ontario should support the establishment and funding of an independent Health Manpower Planning Institute with representatives of the health care professions, the Ministry of Colleges and Universities and the Ministry of Health to plan the future health manpower needs of the province.

## NOTICES

### GOVERNMENT MOTION

3. *Debated May 17, 18, 23, 24, 25; July 13 and November 9, 1989.*
- 

### PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden—Resolution—That in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. April 27, 1989.*
2. *Ms Bryden—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. April 27, 1989.*
8. *Mr Brandt—Motion of Censure—That this House has lost confidence in the Minister of the Environment's capacity to exercise his responsibilities as a Minister of the Crown, specifically his duty under the *Environmental Protection Act* to insure the public's safety from toxic chemicals, as well as his duty under the *Freedom of Information and Protection of Privacy Act, 1987* to disclose information regarding a grave environmental, health or safety hazard to the public.*

Therefore, this House:

- 1) urges the Minister of the Environment to resign; and
  - 2) calls on the Premier of Ontario to appoint a public enquiry into his government's failure to insure that the public was fully informed with regard to the importation, sale, and use of toxic fuel and the government's mismanagement of this issue resulting in potential health and safety risks to the citizens of Ontario. *May 15, 1989.*
10. *Mr Harris—Resolution—That, in the opinion of this House, recognizing that non-refundable tax credits for political contributions effectively disenfranchise those without taxable incomes from this aspect of the political process; and, acknowledging the unfair treatment the current system affords*

lower-income Ontarians—many of whom are women, seniors, disabled, ethnic minorities, farmers and Native Canadians; legislation should be amended to provide for refundable tax credits to eliminate existing discrimination on the basis of income in the financing of Ontario political Parties and candidates. *May 17, 1989.*

23. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortage of acute care beds which is in part due to the use of these beds by chronic care patients and recognizing the added cost to the system as a result of this misuse of acute care beds and recognizing the higher quality of life afforded to patients who can stay in their own homes and the added efficiency in the system as a result of home care; the government of Ontario should establish and maintain a system of community palliative care services which would allow people to be cared for in their own homes or in hospices where the atmosphere allows basic human dignity to be the top priority. *July 25, 1989.*
24. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that Naturopathists have a body of knowledge on which the practice of naturopathy is based and recognizing the risk associated with an unlicensed person practicing naturopathy; the government of Ontario, recognizing the best interests of the public, should continue to legislate the regulation of Naturopathy. *July 25, 1989.*
26. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortages of health manpower in certain health care sectors in this province, including nurses, physician specialists, technologists and technicians, and the shortages in all types of health professions in Northern Ontario, and recognizing that there is no effective means presently available to monitor the Province-wide supply of health professionals, and recognizing that government and all health care professions should work co-operatively to remedy these shortages and to identify the short-term and long-term needs for the supply of health manpower; the government of Ontario should support the establishment and funding of an independent Health Manpower Planning Institute with representatives of the health care professions, the Ministry of Colleges and Universities and the Ministry of Health to plan the future health manpower needs of the province. *July 26, 1989.*
28. *Mr Cousens*—Resolution—That in the opinion of this House, recognizing that all sittings of the District and Provincial Courts within the Judicial District of York Region take place in Newmarket; and that considerable time, expense and inconvenience is incurred by residents of the Town of Markham and South York Region since numerous matters are heard in Provincial Offences Court on an ongoing basis; the Attorney General should take immediate steps to have a regular sitting of the Provincial Offences Court and the Provincial Court (Criminal Division) at a location in the Town of Markham. *October 16, 1989.*
32. *Mr Farnan*—Resolution—That in the opinion of this House, the Government of Canada should strike a distinctive Canadian Volunteer Korean Service Medal to be awarded to those Canadians who served in the Korean War—25th of June, 1950 to 27th of July, 1953. *November 14, 1989.*

33. *Mr Pouliot—Resolution—*That in the opinion of this House, recognizing that health care is totally inadequate for Ontario's First Nations People, and recognizing that aboriginal people's requests for improvements are often not met because of jurisdictional disputes between the federal and provincial governments and further recognizing that Ontario's indigenous peoples want some control over the provision and delivery of their health care, the Government of Ontario should immediately take whatever measures necessary to ensure that:

the level of health care services to Ontario's First Nations is at the same level as other Ontarians;

the jurisdictional disputes between the federal and provincial levels of government are reduced and eventually eliminated; and

a process of giving control over the provision and delivery of health care services to the First Nations is developed and implemented.  
*November 22, 1989.*

34. *Mr Henderson—Resolution—*That in the opinion of this House, recognizing that the best interests of the child can be fulfilled by ensuring the child's access to love and emotional nurturance of each caring parent, and recognizing that a mother and a father are likelier to participate more fully in the growth and emotional development of their child through a nurturing parent-child relationship when child care and child nurturing responsibilities are shared with another caring adult, and recognizing that children benefit from a caring relationship with grandparents who bring a wealth of life experience to a nurturant relationship with a grandchild, and recognizing that society at large can benefit from the creative energies of mothers, fathers and children who are facilitated in their pursuit of vocational, academic, recreational and social opportunities and who are freed from the painful and demoralizing personal struggles that occur when matters of child custody and access are determined through adversarial process. Every effort should be made to foster mediative rather than adversarial process to resolve disputes about custody and access, and every administrative effort should be made to bring together services designed to facilitate the cooperative mediation and resolution of custody and access disputes as a preferable alternative to adversarial court process, and efforts should be made, after family dissolution, to allow a child to have a frequent and continued nurturing and care-taking relationship with each parent unless the court determines that such a relationship with a particular parent will have a destructive influence on a particular child's healthy development and sense of well-being. *November 22, 1989.*

## NOTICES

### GOVERNMENT MOTION

3. *Debated May 17, 18, 23, 24, 25; July 13 and November 9, 1989.*
- 

### PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *April 27, 1989.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *April 27, 1989.*
8. *Mr Brandt*—Motion of Censure—That this House has lost confidence in the Minister of the Environment's capacity to exercise his responsibilities as a Minister of the Crown, specifically his duty under the *Environmental Protection Act* to insure the public's safety from toxic chemicals, as well as his duty under the *Freedom of Information and Protection of Privacy Act, 1987* to disclose information regarding a grave environmental, health or safety hazard to the public.

Therefore, this House:

- 1) urges the Minister of the Environment to resign; and
  - 2) calls on the Premier of Ontario to appoint a public enquiry into his government's failure to insure that the public was fully informed with regard to the importation, sale, and use of toxic fuel and the government's mismanagement of this issue resulting in potential health and safety risks to the citizens of Ontario. *May 15, 1989.*
10. *Mr Harris*—Resolution—That, in the opinion of this House, recognizing that non-refundable tax credits for political contributions effectively disenfranchise those without taxable incomes from this aspect of the political process; and, acknowledging the unfair treatment the current system affords

lower-income Ontarians—many of whom are women, seniors, disabled, ethnic minorities, farmers and Native Canadians; legislation should be amended to provide for refundable tax credits to eliminate existing discrimination on the basis of income in the financing of Ontario political Parties and candidates. *May 17, 1989.*

23. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortage of acute care beds which is in part due to the use of these beds by chronic care patients and recognizing the added cost to the system as a result of this misuse of acute care beds and recognizing the higher quality of life afforded to patients who can stay in their own homes and the added efficiency in the system as a result of home care; the government of Ontario should establish and maintain a system of community palliative care services which would allow people to be cared for in their own homes or in hospices where the atmosphere allows basic human dignity to be the top priority. *July 25, 1989.*
24. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that Naturopathists have a body of knowledge on which the practice of naturopathy is based and recognizing the risk associated with an unlicensed person practicing naturopathy; the government of Ontario, recognizing the best interests of the public, should continue to legislate the regulation of Naturopathy. *July 25, 1989.*
26. *Debated November 23, 1989.*
28. *Mr Cousens*—Resolution—That in the opinion of this House, recognizing that all sittings of the District and Provincial Courts within the Judicial District of York Region take place in Newmarket; and that considerable time, expense and inconvenience is incurred by residents of the Town of Markham and South York Region since numerous matters are heard in Provincial Offences Court on an ongoing basis; the Attorney General should take immediate steps to have a regular sitting of the Provincial Offences Court and the Provincial Court (Criminal Division) at a location in the Town of Markham. *October 16, 1989.*
32. *Debated November 23, 1989.*
33. *Mr Pouliot*—Resolution—That in the opinion of this House, recognizing that health care is totally inadequate for Ontario's First Nations People, and recognizing that aboriginal people's requests for improvements are often not met because of jurisdictional disputes between the federal and provincial governments and further recognizing that Ontario's indigenous peoples want some control over the provision and delivery of their health care, the Government of Ontario should immediately take whatever measures necessary to ensure that:

the level of health care services to Ontario's First Nations is at the same level as other Ontarians;

the jurisdictional disputes between the federal and provincial levels of government are reduced and eventually eliminated; and

a process of giving control over the provision and delivery of health care services to the First Nations is developed and implemented. *November 22, 1989.*

34. *Mr Henderson*—Resolution—That in the opinion of this House, recognizing that the best interests of the child can be fulfilled by ensuring the child's access to love and emotional nurturance of each caring parent, and recognizing that a mother and a father are likelier to participate more fully in the growth and emotional development of their child through a nurturing parent-child relationship when child care and child nurturing responsibilities are shared with another caring adult, and recognizing that children benefit from a caring relationship with grandparents who bring a wealth of life experience to a nurturant relationship with a grandchild, and recognizing that society at large can benefit from the creative energies of mothers, fathers and children who are facilitated in their pursuit of vocational, academic, recreational and social opportunities and who are freed from the painful and demoralizing personal struggles that occur when matters of child custody and access are determined through adversarial process. Every effort should be made to foster mediative rather than adversarial process to resolve disputes about custody and access, and every administrative effort should be made to bring together services designed to facilitate the cooperative mediation and resolution of custody and access disputes as a preferable alternative to adversarial court process, and efforts should be made, after family dissolution, to allow a child to have a frequent and continued nurturing and care-taking relationship with each parent unless the court determines that such a relationship with a particular parent will have a destructive influence on a particular child's healthy development and sense of well-being. *November 22, 1989.*
  35. *Mr Runciman*—Resolution—That, in the opinion of this House, a Canadian-style Triple "E" Federal Senate (elected, regionally equal and effective) should be created and in the event that such a Senate is not implemented by Constitutional Agreement, the Government of Ontario should hold elections, in conjunction with the 1991 Municipal Elections, to choose people to fill present and future Ontario vacancies in the Senate. *November 27, 1989.*

## PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence in accordance with the Standing Order 94(d).)*

Ballot Item Numbers 29 and 30. *Debated November 23, 1989.*

Ballot Item Number 31. *To be debated on Thursday, December 7, 1989.*

*Mr Henderson*—Resolution—That in the opinion of this House, recognizing that the best interests of the child can be fulfilled by ensuring the child's access to love and emotional nurturance of each caring parent, and recognizing that a mother and a father are likelier to participate more fully in the growth and emotional development of their child through a nurturing parent-child relationship when child care and child nurturing responsibilities are shared with another caring adult, and recognizing that children benefit from a caring relationship with grandparents who bring a wealth of life experience to a nurturant relationship with a grandchild, and recognizing that society at large can benefit from the creative energies of mothers, fathers and children who are facilitated in their pursuit of vocational, academic, recreational and social opportunities and who are freed from the painful and demoralizing personal struggles that occur when matters of child custody and access are determined through adversarial process. Every effort should be made to foster mediative rather than adversarial process to resolve disputes about custody and access, and every administrative effort should be made to bring together services designed to facilitate the cooperative mediation and resolution of custody and access disputes as a preferable alternative to adversarial court process, and efforts should be made, after family dissolution, to allow a child to have a frequent and continued nurturing and care-taking relationship with each parent unless the court determines that such a relationship with a particular parent will have a destructive influence on a particular child's healthy development and sense of well-being.

Ballot Item Number 32. *To be debated on Thursday, December 7, 1989.*

*Mr Pouliot*—Resolution—That in the opinion of this House, recognizing that health care is totally inadequate for Ontario's First Nations People, and recognizing that aboriginal people's requests for improvements are often not met because of jurisdictional disputes between the federal and provincial governments and further recognizing that Ontario's indigenous peoples want some control over the provision and delivery of their health care, the Government of Ontario should immediately take whatever measures necessary to ensure that:

the level of health care services to Ontario's First Nations is at the same level as other Ontarians;

the jurisdictional disputes between the federal and provincial levels of government are reduced and eventually eliminated; and

a process of giving control over the provision and delivery of health care services to the First Nations is developed and implemented.

## NOTICES

### GOVERNMENT MOTION

3. *Debated May 17, 18, 23, 24, 25; July 13 and November 9, 1989.*

---

### PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *April 27, 1989.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *April 27, 1989.*
8. *Mr Brandt*—Motion of Censure—That this House has lost confidence in the Minister of the Environment's capacity to exercise his responsibilities as a Minister of the Crown, specifically his duty under the *Environmental Protection Act* to insure the public's safety from toxic chemicals, as well as his duty under the *Freedom of Information and Protection of Privacy Act, 1987* to disclose information regarding a grave environmental, health or safety hazard to the public.

Therefore, this House:

- 1) urges the Minister of the Environment to resign; and
  - 2) calls on the Premier of Ontario to appoint a public enquiry into his government's failure to insure that the public was fully informed with regard to the importation, sale, and use of toxic fuel and the government's mismanagement of this issue resulting in potential health and safety risks to the citizens of Ontario. *May 15, 1989.*
10. *Mr Harris*—Resolution—That, in the opinion of this House, recognizing that non-refundable tax credits for political contributions effectively disenfranchise those without taxable incomes from this aspect of the political process; and, acknowledging the unfair treatment the current system affords

lower-income Ontarians—many of whom are women, seniors, disabled, ethnic minorities, farmers and Native Canadians; legislation should be amended to provide for refundable tax credits to eliminate existing discrimination on the basis of income in the financing of Ontario political Parties and candidates. *May 17, 1989.*

23. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortage of acute care beds which is in part due to the use of these beds by chronic care patients and recognizing the added cost to the system as a result of this misuse of acute care beds and recognizing the higher quality of life afforded to patients who can stay in their own homes and the added efficiency in the system as a result of home care; the government of Ontario should establish and maintain a system of community palliative care services which would allow people to be cared for in their own homes or in hospices where the atmosphere allows basic human dignity to be the top priority. *July 25, 1989.*
24. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that Naturopathists have a body of knowledge on which the practice of naturopathy is based and recognizing the risk associated with an unlicensed person practicing naturopathy; the government of Ontario, recognizing the best interests of the public, should continue to legislate the regulation of Naturopathy. *July 25, 1989.*
28. *Mr Cousens*—Resolution—That in the opinion of this House, recognizing that all sittings of the District and Provincial Courts within the Judicial District of York Region take place in Newmarket; and that considerable time, expense and inconvenience is incurred by residents of the Town of Markham and South York Region since numerous matters are heard in Provincial Offences Court on an ongoing basis; the Attorney General should take immediate steps to have a regular sitting of the Provincial Offences Court and the Provincial Court (Criminal Division) at a location in the Town of Markham. *October 16, 1989.*
33. *Mr Pouliot*—Resolution—That in the opinion of this House, recognizing that health care is totally inadequate for Ontario's First Nations People, and recognizing that aboriginal people's requests for improvements are often not met because of jurisdictional disputes between the federal and provincial governments and further recognizing that Ontario's indigenous peoples want some control over the provision and delivery of their health care, the Government of Ontario should immediately take whatever measures necessary to ensure that:

the level of health care services to Ontario's First Nations is at the same level as other Ontarians;

the jurisdictional disputes between the federal and provincial levels of government are reduced and eventually eliminated; and

a process of giving control over the provision and delivery of health care services to the First Nations is developed and implemented, *November 22, 1989.*

34. *Mr Henderson*—Resolution—That in the opinion of this House, recognizing that the best interests of the child can be fulfilled by ensuring the child's access to love and emotional nurturance of each caring parent, and recognizing that a mother and a father are likelier to participate more fully in the growth and emotional development of their child through a nurturing parent-child relationship when child care and child nurturing responsibilities are shared with another caring adult, and recognizing that children benefit from a caring relationship with grandparents who bring a wealth of life experience to a nurturant relationship with a grandchild, and recognizing that society at large can benefit from the creative energies of mothers, fathers and children who are facilitated in their pursuit of vocational, academic, recreational and social opportunities and who are freed from the painful and demoralizing personal struggles that occur when matters of child custody and access are determined through adversarial process. Every effort should be made to foster mediative rather than adversarial process to resolve disputes about custody and access, and every administrative effort should be made to bring together services designed to facilitate the cooperative mediation and resolution of custody and access disputes as a preferable alternative to adversarial court process, and efforts should be made, after family dissolution, to allow a child to have a frequent and continued nurturing and care-taking relationship with each parent unless the court determines that such a relationship with a particular parent will have a destructive influence on a particular child's healthy development and sense of well-being. *November 22, 1989.*
35. *Mr Runciman*—Resolution—That, in the opinion of this House, a Canadian-style Triple "E" Federal Senate (elected, regionally equal and effective) should be created and in the event that such a Senate is not implemented by Constitutional Agreement, the Government of Ontario should hold elections, in conjunction with the 1991 Municipal Elections, to choose people to fill present and future Ontario vacancies in the Senate. *November 27, 1989.*

Ballot Item Number 31. *To be debated on Thursday, December 7, 1989.*

*Mr Henderson*—Resolution—That in the opinion of this House, recognizing that the best interests of the child can be fulfilled by ensuring the child's access to love and emotional nurturance of each caring parent, and recognizing that a mother and a father are likelier to participate more fully in the growth and emotional development of their child through a nurturing parent-child relationship when child care and child nurturing responsibilities are shared with another caring adult, and recognizing that children benefit from a caring relationship with grandparents who bring a wealth of life experience to a nurturant relationship with a grandchild, and recognizing that society at large can benefit from the creative energies of mothers, fathers and children who are facilitated in their pursuit of vocational, academic, recreational and social opportunities and who are freed from the painful and demoralizing personal struggles that occur when matters of child custody and access are determined through adversarial process. Every effort should be made to foster mediative rather than adversarial process to resolve disputes about custody and access, and every administrative effort should be made to bring together services designed to facilitate the cooperative mediation and resolution of custody and access disputes as a preferable alternative to adversarial court process, and efforts should be made, after family dissolution, to allow a child to have a frequent and continued nurturing and care-taking relationship with each parent unless the court determines that such a relationship with a particular parent will have a destructive influence on a particular child's healthy development and sense of well-being.

Ballot Item Number 32. *To be debated on Thursday, December 7, 1989.*

*Mr Pouliot*—Resolution—That in the opinion of this House, recognizing that health care is totally inadequate for Ontario's First Nations People, and recognizing that aboriginal people's requests for improvements are often not met because of jurisdictional disputes between the federal and provincial governments and further recognizing that Ontario's indigenous peoples want some control over the provision and delivery of their health care, the Government of Ontario should immediately take whatever measures necessary to ensure that:

the level of health care services to Ontario's First Nations is at the same level as other Ontarians;

the jurisdictional disputes between the federal and provincial levels of government are reduced and eventually eliminated; and

a process of giving control over the provision and delivery of health care services to the First Nations is developed and implemented.

Ballot Item Number 35. *To be debated on Thursday, December 21, 1989.*

70. *Second Reading* Bill 83, An Act to amend the Education Act. *Mr Johnston* (Scarborough West).

## NOTICES

### GOVERNMENT MOTION

3. *Debated May 17, 18, 23, 24, 25; July 13 and November 9, 1989.*
- 

### PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *April 27, 1989.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *April 27, 1989.*
8. *Mr Brandt*—Motion of Censure—That this House has lost confidence in the Minister of the Environment's capacity to exercise his responsibilities as a Minister of the Crown, specifically his duty under the *Environmental Protection Act* to insure the public's safety from toxic chemicals, as well as his duty under the *Freedom of Information and Protection of Privacy Act, 1987* to disclose information regarding a grave environmental, health or safety hazard to the public.  
  
Therefore, this House:  
  - 1) urges the Minister of the Environment to resign; and
  - 2) calls on the Premier of Ontario to appoint a public enquiry into his government's failure to insure that the public was fully informed with regard to the importation, sale, and use of toxic fuel and the government's mismanagement of this issue resulting in potential health and safety risks to the citizens of Ontario. *May 15, 1989.*
10. *Mr Harris*—Resolution—That, in the opinion of this House, recognizing that non-refundable tax credits for political contributions effectively disenfranchise those without taxable incomes from this aspect of the political process; and, acknowledging the unfair treatment the current system affords

lower-income Ontarians—many of whom are women, seniors, disabled, ethnic minorities, farmers and Native Canadians; legislation should be amended to provide for refundable tax credits to eliminate existing discrimination on the basis of income in the financing of Ontario political Parties and candidates. *May 17, 1989.*

23. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortage of acute care beds which is in part due to the use of these beds by chronic care patients and recognizing the added cost to the system as a result of this misuse of acute care beds and recognizing the higher quality of life afforded to patients who can stay in their own homes and the added efficiency in the system as a result of home care; the government of Ontario should establish and maintain a system of community palliative care services which would allow people to be cared for in their own homes or in hospices where the atmosphere allows basic human dignity to be the top priority. *July 25, 1989.*
24. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that Naturopathists have a body of knowledge on which the practice of naturopathy is based and recognizing the risk associated with an unlicensed person practicing naturopathy; the government of Ontario, recognizing the best interests of the public, should continue to legislate the regulation of Naturopathy. *July 25, 1989.*
28. *Mr Cousens*—Resolution—That in the opinion of this House, recognizing that all sittings of the District and Provincial Courts within the Judicial District of York Region take place in Newmarket; and that considerable time, expense and inconvenience is incurred by residents of the Town of Markham and South York Region since numerous matters are heard in Provincial Offences Court on an ongoing basis; the Attorney General should take immediate steps to have a regular sitting of the Provincial Offences Court and the Provincial Court (Criminal Division) at a location in the Town of Markham. *October 16, 1989.*
33. *Mr Pouliot*—Resolution—That in the opinion of this House, recognizing that health care is totally inadequate for Ontario's First Nations People, and recognizing that aboriginal people's requests for improvements are often not met because of jurisdictional disputes between the federal and provincial governments and further recognizing that Ontario's indigenous peoples want some control over the provision and delivery of their health care, the Government of Ontario should immediately take whatever measures necessary to ensure that:

the level of health care services to Ontario's First Nations is at the same level as other Ontarians;

the jurisdictional disputes between the federal and provincial levels of government are reduced and eventually eliminated; and

a process of giving control over the provision and delivery of health care services to the First Nations is developed and implemented. *November 22, 1989.*

34. *Mr Henderson*—Resolution—That in the opinion of this House, recognizing that the best interests of the child can be fulfilled by ensuring the child's access to love and emotional nurturance of each caring parent, and recognizing that a mother and a father are likelier to participate more fully in the growth and emotional development of their child through a nurturing parent-child relationship when child care and child nurturing responsibilities are shared with another caring adult, and recognizing that children benefit from a caring relationship with grandparents who bring a wealth of life experience to a nurturant relationship with a grandchild, and recognizing that society at large can benefit from the creative energies of mothers, fathers and children who are facilitated in their pursuit of vocational, academic, recreational and social opportunities and who are freed from the painful and demoralizing personal struggles that occur when matters of child custody and access are determined through adversarial process. Every effort should be made to foster mediative rather than adversarial process to resolve disputes about custody and access, and every administrative effort should be made to bring together services designed to facilitate the cooperative mediation and resolution of custody and access disputes as a preferable alternative to adversarial court process, and efforts should be made, after family dissolution, to allow a child to have a frequent and continued nurturing and care-taking relationship with each parent unless the court determines that such a relationship with a particular parent will have a destructive influence on a particular child's healthy development and sense of well-being. *November 22, 1989.*
35. *Mr Runciman*—Resolution—That, in the opinion of this House, a Canadian-style Triple "E" Federal Senate (elected, regionally equal and effective) should be created and in the event that such a Senate is not implemented by Constitutional Agreement, the Government of Ontario should hold elections, in conjunction with the 1991 Municipal Elections, to choose people to fill present and future Ontario vacancies in the Senate. *November 27, 1989.*
36. *Mr Pollock*—Resolution—That, in the opinion of this House, the Ministry of Health should pay for prosthetic hair replacements for persons under 18, or those enrolled as full time students in any school, college or University that have hair loss due to accidents, conditions such as Alopecia Areata, and treatments such as chemotherapy. *November 29, 1989.*

## SPECIAL DEBATES

### OPPOSITION DAYS

5. *Mrs Grier*—Opposition Day—Recognizing that Ontario faces a serious crisis in disposing of garbage; and that the government has stated that its goal is to divert 25% of municipal solid waste from landfills by 1992 and 50% by 2000; and that the government has so far failed to establish policies which would enable these targets to be met; and that by regulating the control of ozone-depleting substances Ontario has shown a willingness to act in advance of federal initiatives; the Government of Ontario should:
- (i) adopt waste reduction at source as the overriding first priority of the "3 Rs" garbage strategy (first reduce, then re-use, lastly recycle);
  - (ii) establish a Waste Reduction Office with a statutory mandate to achieve a 50% reduction of solid waste within the next decade;
  - (iii) legislate mandatory waste reduction programs for municipalities;
  - (iv) legislate mandatory source separation for all waste generators and for all types of waste for which reduction, re-use and recycling opportunities exist;
  - (v) pass regulations to prevent the disposal of materials and products for which waste reduction alternatives exist;
  - (vi) phase out containers and packaging products that cannot be diverted from the waste stream;
  - (vii) establish warranty conditions to extend product life;
  - (viii) use financial incentives and disincentives such as a graduated waste management surcharge system to favour reduction and re-use of products.
  - (ix) introduce the needed legislation and establish the required policies at the opening of the March 1990 session of the Legislature, without waiting for a report on new federal packaging legislation expected later in 1990. To be debated on Thursday, December 7, 1989. Minister of the Environment. *November 27, 1989.*

## PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence in accordance with the Standing Order 94(d).)*

Ballot Item Number 31. *To be debated on Thursday, December 7, 1989.*

*Mr Henderson*—Resolution—That in the opinion of this House, recognizing that the best interests of the child can be fulfilled by ensuring the child's access to love and emotional nurturance of each caring parent, and recognizing that a mother and a father are likelier to participate more fully in the growth and emotional development of their child through a nurturing parent-child relationship when child care and child nurturing responsibilities are shared with another caring adult, and recognizing that children benefit from a caring relationship with grandparents who bring a wealth of life experience to a nurturant relationship with a grandchild, and recognizing that society at large can benefit from the creative energies of mothers, fathers and children who are facilitated in their pursuit of vocational, academic, recreational and social opportunities and who are freed from the painful and demoralizing personal struggles that occur when matters of child custody and access are determined through adversarial process. Every effort should be made to foster mediative rather than adversarial process to resolve disputes about custody and access, and every administrative effort should be made to bring together services designed to facilitate the cooperative mediation and resolution of custody and access disputes as a preferable alternative to adversarial court process, and efforts should be made, after family dissolution, to allow a child to have a frequent and continued nurturing and care-taking relationship with each parent unless the court determines that such a relationship with a particular parent will have a destructive influence on a particular child's healthy development and sense of well-being.

Ballot Item Number 32. *To be debated on Thursday, December 7, 1989.*

*Mr Pouliot*—Resolution—That in the opinion of this House, recognizing that health care is totally inadequate for Ontario's First Nations People, and recognizing that aboriginal people's requests for improvements are often not met because of jurisdictional disputes between the federal and provincial governments and further recognizing that Ontario's indigenous peoples want some control over the provision and delivery of their health care, the Government of Ontario should immediately take whatever measures necessary to ensure that:

the level of health care services to Ontario's First Nations is at the same level as other Ontarians;

the jurisdictional disputes between the federal and provincial levels of government are reduced and eventually eliminated; and

a process of giving control over the provision and delivery of health care services to the First Nations is developed and implemented.

Ballot Item Number 33. *To be debated on Thursday, December 14, 1989.*

*Mr Pollock*—Resolution—That, in the opinion of this House, the Ministry of Health should pay for prosthetic hair replacements for persons under 18, or those

enrolled as full time students in any school, college or University that have hair loss due to accidents, conditions such as Alopecia Areata, and treatments such as chemotherapy.

Ballot Item Number 34. *To be debated on Thursday, December 14, 1989.*

*Second Reading* Bill 85, An Act to amend the Intervenor Funding Project Act, 1988. *Mr Chiarelli.*

*Deuxième lecture* Projet de loi 85, Loi portant modification de la Loi de 1988 sur le projet d'aide financière aux intervenants. *M. Chiarelli.*

Ballot Item Number 35. *To be debated on Thursday, December 21, 1989.*

*Second Reading* Bill 83, An Act to amend the Education Act. *Mr Johnston (Scarborough West).*

## NOTICES

### GOVERNMENT MOTION

3. *Debated May 17, 18, 23, 24, 25; July 13, November 9 and 29, 1989.*
- 

### PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *April 27, 1989.*
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *April 27, 1989.*
8. *Mr Brandt*—Motion of Censure—That this House has lost confidence in the Minister of the Environment's capacity to exercise his responsibilities as a Minister of the Crown, specifically his duty under the *Environmental Protection Act* to insure the public's safety from toxic chemicals, as well as his duty under the *Freedom of Information and Protection of Privacy Act, 1987* to disclose information regarding a grave environmental, health or safety hazard to the public.

Therefore, this House:

- 1) urges the Minister of the Environment to resign; and
  - 2) calls on the Premier of Ontario to appoint a public enquiry into his government's failure to insure that the public was fully informed with regard to the importation, sale, and use of toxic fuel and the government's mismanagement of this issue resulting in potential health and safety risks to the citizens of Ontario. *May 15, 1989.*
10. *Mr Harris*—Resolution—That, in the opinion of this House, recognizing that non-refundable tax credits for political contributions effectively disenfranchise those without taxable incomes from this aspect of the political process; and, acknowledging the unfair treatment the current system affords

lower-income Ontarians—many of whom are women, seniors, disabled, ethnic minorities, farmers and Native Canadians; legislation should be amended to provide for refundable tax credits to eliminate existing discrimination on the basis of income in the financing of Ontario political Parties and candidates. *May 17, 1989.*

23. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortage of acute care beds which is in part due to the use of these beds by chronic care patients and recognizing the added cost to the system as a result of this misuse of acute care beds and recognizing the higher quality of life afforded to patients who can stay in their own homes and the added efficiency in the system as a result of home care; the government of Ontario should establish and maintain a system of community palliative care services which would allow people to be cared for in their own homes or in hospices where the atmosphere allows basic human dignity to be the top priority. *July 25, 1989.*
24. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that Naturopathists have a body of knowledge on which the practice of naturopathy is based and recognizing the risk associated with an unlicensed person practicing naturopathy; the government of Ontario, recognizing the best interests of the public, should continue to legislate the regulation of Naturopathy. *July 25, 1989.*
28. *Mr Cousens*—Resolution—That in the opinion of this House, recognizing that all sittings of the District and Provincial Courts within the Judicial District of York Region take place in Newmarket; and that considerable time, expense and inconvenience is incurred by residents of the Town of Markham and South York Region since numerous matters are heard in Provincial Offences Court on an ongoing basis; the Attorney General should take immediate steps to have a regular sitting of the Provincial Offences Court and the Provincial Court (Criminal Division) at a location in the Town of Markham. *October 16, 1989.*
33. *Mr Pouliot*—Resolution—That in the opinion of this House, recognizing that health care is totally inadequate for Ontario's First Nations People, and recognizing that aboriginal people's requests for improvements are often not met because of jurisdictional disputes between the federal and provincial governments and further recognizing that Ontario's indigenous peoples want some control over the provision and delivery of their health care, the Government of Ontario should immediately take whatever measures necessary to ensure that:

the level of health care services to Ontario's First Nations is at the same level as other Ontarians;

the jurisdictional disputes between the federal and provincial levels of government are reduced and eventually eliminated; and

a process of giving control over the provision and delivery of health care services to the First Nations is developed and implemented.  
*November 22, 1989.*

34. *Mr Henderson*—Resolution—That in the opinion of this House, recognizing that the best interests of the child can be fulfilled by ensuring the child's access to love and emotional nurturance of each caring parent, and recognizing that a mother and a father are likelier to participate more fully in the growth and emotional development of their child through a nurturing parent-child relationship when child care and child nurturing responsibilities are shared with another caring adult, and recognizing that children benefit from a caring relationship with grandparents who bring a wealth of life experience to a nurturant relationship with a grandchild, and recognizing that society at large can benefit from the creative energies of mothers, fathers and children who are facilitated in their pursuit of vocational, academic, recreational and social opportunities and who are freed from the painful and demoralizing personal struggles that occur when matters of child custody and access are determined through adversarial process. Every effort should be made to foster mediative rather than adversarial process to resolve disputes about custody and access, and every administrative effort should be made to bring together services designed to facilitate the cooperative mediation and resolution of custody and access disputes as a preferable alternative to adversarial court process, and efforts should be made, after family dissolution, to allow a child to have a frequent and continued nurturing and care-taking relationship with each parent unless the court determines that such a relationship with a particular parent will have a destructive influence on a particular child's healthy development and sense of well-being. *November 22, 1989.*
  35. *Mr Runciman*—Resolution—That, in the opinion of this House, a Canadian-style Triple "E" Federal Senate (elected, regionally equal and effective) should be created and in the event that such a Senate is not implemented by Constitutional Agreement, the Government of Ontario should hold elections, in conjunction with the 1991 Municipal Elections, to choose people to fill present and future Ontario vacancies in the Senate. *November 27, 1989.*
  36. *Mr Pollock*—Resolution—That, in the opinion of this House, the Ministry of Health should pay for prosthetic hair replacements for persons under 18, or those enrolled as full time students in any school, college or University that have hair loss due to accidents, conditions such as Alopecia Areata, and treatments such as chemotherapy. *November 29, 1989.*

## SPECIAL DEBATES

### OPPOSITION DAYS

5. *Mrs Grier*—Opposition Day—Recognizing that Ontario faces a serious crisis in disposing of garbage; and that the government has stated that its goal is to divert 25% of municipal solid waste from landfills by 1992 and 50% by 2000; and that the government has so far failed to establish policies which would enable these targets to be met; and that by regulating the control of ozone-depleting substances Ontario has shown a willingness to act in advance of federal initiatives; the Government of Ontario should:
- (i) adopt waste reduction at source as the overriding first priority of the “3 Rs” garbage strategy (first reduce, then re-use, lastly recycle);
  - (ii) establish a Waste Reduction Office with a statutory mandate to achieve a 50% reduction of solid waste within the next decade;
  - (iii) legislate mandatory waste reduction programs for municipalities;
  - (iv) legislate mandatory source separation for all waste generators and for all types of waste for which reduction, re-use and recycling opportunities exist;
  - (v) pass regulations to prevent the disposal of materials and products for which waste reduction alternatives exist;
  - (vi) phase out containers and packaging products that cannot be diverted from the waste stream;
  - (vii) establish warranty conditions to extend product life;
  - (viii) use financial incentives and disincentives such as a graduated waste management surcharge system to favour reduction and re-use of products.
  - (ix) introduce the needed legislation and establish the required policies at the opening of the March 1990 session of the Legislature, without waiting for a report on new federal packaging legislation expected later in 1990. To be debated on Thursday, December 7, 1989. Minister of the Environment. *November 27, 1989.*

## PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence in accordance with the Standing Order 94(d).)*

Ballot Item Number 31. *To be debated on Thursday, December 7, 1989.*

*Mr Henderson*—Resolution—That in the opinion of this House, recognizing that the best interests of the child can be fulfilled by ensuring the child's access to love and emotional nurturance of each caring parent, and recognizing that a mother and a father are likelier to participate more fully in the growth and emotional development of their child through a nurturing parent-child relationship when child care and child nurturing responsibilities are shared with another caring adult, and recognizing that children benefit from a caring relationship with grandparents who bring a wealth of life experience to a nurturant relationship with a grandchild, and recognizing that society at large can benefit from the creative energies of mothers, fathers and children who are facilitated in their pursuit of vocational, academic, recreational and social opportunities and who are freed from the painful and demoralizing personal struggles that occur when matters of child custody and access are determined through adversarial process. Every effort should be made to foster mediative rather than adversarial process to resolve disputes about custody and access, and every administrative effort should be made to bring together services designed to facilitate the cooperative mediation and resolution of custody and access disputes as a preferable alternative to adversarial court process, and efforts should be made, after family dissolution, to allow a child to have a frequent and continued nurturing and care-taking relationship with each parent unless the court determines that such a relationship with a particular parent will have a destructive influence on a particular child's healthy development and sense of well-being.

Ballot Item Number 32. *To be debated on Thursday, December 7, 1989.*

*Mr Pouliot*—Resolution—That in the opinion of this House, recognizing that health care is totally inadequate for Ontario's First Nations People, and recognizing that aboriginal people's requests for improvements are often not met because of jurisdictional disputes between the federal and provincial governments and further recognizing that Ontario's indigenous peoples want some control over the provision and delivery of their health care, the Government of Ontario should immediately take whatever measures necessary to ensure that:

the level of health care services to Ontario's First Nations is at the same level as other Ontarians;

the jurisdictional disputes between the federal and provincial levels of government are reduced and eventually eliminated; and

a process of giving control over the provision and delivery of health care services to the First Nations is developed and implemented.

Ballot Item Number 33. *To be debated on Thursday, December 14, 1989.*

*Mr Pollock*—Resolution—That, in the opinion of this House, the Ministry of Health should pay for prosthetic hair replacements for persons under 18, or those

enrolled as full time students in any school, college or University that have hair loss due to accidents, conditions such as Alopecia Areata, and treatments such as chemotherapy.

Ballot Item Number 34. *To be debated on Thursday, December 14, 1989.*

*Second Reading* Bill 85, An Act to amend the Intervenor Funding Project Act, 1988. *Mr Chiarelli.*

*Deuxième lecture* Projet de loi 85, Loi portant modification de la Loi de 1988 sur le projet d'aide financière aux intervenants. *M. Chiarelli.*

Ballot Item Number 35. *To be debated on Thursday, December 21, 1989.*

*Second Reading* Bill 83, An Act to amend the Education Act. *Mr Johnston (Scarborough West).*

## NOTICES

### GOVERNMENT MOTION

3. *Debated May 17, 18, 23, 24, 25; July 13, November 9 and 29, 1989.*
- 

### PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden—Resolution—That in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. April 27, 1989.*
2. *Ms Bryden—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. April 27, 1989.*
8. *Mr Brandt—Motion of Censure—That this House has lost confidence in the Minister of the Environment's capacity to exercise his responsibilities as a Minister of the Crown, specifically his duty under the *Environmental Protection Act* to insure the public's safety from toxic chemicals, as well as his duty under the *Freedom of Information and Protection of Privacy Act, 1987* to disclose information regarding a grave environmental, health or safety hazard to the public.*

Therefore, this House:

- 1) urges the Minister of the Environment to resign; and
  - 2) calls on the Premier of Ontario to appoint a public enquiry into his government's failure to insure that the public was fully informed with regard to the importation, sale, and use of toxic fuel and the government's mismanagement of this issue resulting in potential health and safety risks to the citizens of Ontario. *May 15, 1989.*
10. *Mr Harris—Resolution—That, in the opinion of this House, recognizing that non-refundable tax credits for political contributions effectively disenfranchise those without taxable incomes from this aspect of the political process; and, acknowledging the unfair treatment the current system affords*

lower-income Ontarians—many of whom are women, seniors, disabled, ethnic minorities, farmers and Native Canadians; legislation should be amended to provide for refundable tax credits to eliminate existing discrimination on the basis of income in the financing of Ontario political Parties and candidates. *May 17, 1989.*

23. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortage of acute care beds which is in part due to the use of these beds by chronic care patients and recognizing the added cost to the system as a result of this misuse of acute care beds and recognizing the higher quality of life afforded to patients who can stay in their own homes and the added efficiency in the system as a result of home care; the government of Ontario should establish and maintain a system of community palliative care services which would allow people to be cared for in their own homes or in hospices where the atmosphere allows basic human dignity to be the top priority. *July 25, 1989.*
24. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that Naturopathists have a body of knowledge on which the practice of naturopathy is based and recognizing the risk associated with an unlicensed person practicing naturopathy; the government of Ontario, recognizing the best interests of the public, should continue to legislate the regulation of Naturopathy. *July 25, 1989.*
28. *Mr Cousens*—Resolution—That in the opinion of this House, recognizing that all sittings of the District and Provincial Courts within the Judicial District of York Region take place in Newmarket; and that considerable time, expense and inconvenience is incurred by residents of the Town of Markham and South York Region since numerous matters are heard in Provincial Offences Court on an ongoing basis; the Attorney General should take immediate steps to have a regular sitting of the Provincial Offences Court and the Provincial Court (Criminal Division) at a location in the Town of Markham. *October 16, 1989.*
33. *Mr Pouliot*—Resolution—That in the opinion of this House, recognizing that health care is totally inadequate for Ontario's First Nations People, and recognizing that aboriginal people's requests for improvements are often not met because of jurisdictional disputes between the federal and provincial governments and further recognizing that Ontario's indigenous peoples want some control over the provision and delivery of their health care, the Government of Ontario should immediately take whatever measures necessary to ensure that:

the level of health care services to Ontario's First Nations is at the same level as other Ontarians;

the jurisdictional disputes between the federal and provincial levels of government are reduced and eventually eliminated; and

a process of giving control over the provision and delivery of health care services to the First Nations is developed and implemented. *November 22, 1989.*

34. *Mr Henderson*—Resolution—That in the opinion of this House, recognizing that the best interests of the child can be fulfilled by ensuring the child's access to love and emotional nurturance of each caring parent, and recognizing that a mother and a father are likelier to participate more fully in the growth and emotional development of their child through a nurturing parent-child relationship when child care and child nurturing responsibilities are shared with another caring adult, and recognizing that children benefit from a caring relationship with grandparents who bring a wealth of life experience to a nurturant relationship with a grandchild, and recognizing that society at large can benefit from the creative energies of mothers, fathers and children who are facilitated in their pursuit of vocational, academic, recreational and social opportunities and who are freed from the painful and demoralizing personal struggles that occur when matters of child custody and access are determined through adversarial process. Every effort should be made to foster mediative rather than adversarial process to resolve disputes about custody and access, and every administrative effort should be made to bring together services designed to facilitate the cooperative mediation and resolution of custody and access disputes as a preferable alternative to adversarial court process, and efforts should be made, after family dissolution, to allow a child to have a frequent and continued nurturing and care-taking relationship with each parent unless the court determines that such a relationship with a particular parent will have a destructive influence on a particular child's healthy development and sense of well-being. *November 22, 1989.*
  35. *Mr Runciman*—Resolution—That, in the opinion of this House, a Canadian-style Triple "E" Federal Senate (elected, regionally equal and effective) should be created and in the event that such a Senate is not implemented by Constitutional Agreement, the Government of Ontario should hold elections, in conjunction with the 1991 Municipal Elections, to choose people to fill present and future Ontario vacancies in the Senate. *November 27, 1989.*
  36. *Mr Pollock*—Resolution—That, in the opinion of this House, the Ministry of Health should pay for prosthetic hair replacements for persons under 18, or those enrolled as full time students in any school, college or University that have hair loss due to accidents, conditions such as Alopecia Areata, and treatments such as chemotherapy. *November 29, 1989.*

## SPECIAL DEBATES

### OPPOSITION DAYS

5. *Mrs Grier*—Opposition Day—Recognizing that Ontario faces a serious crisis in disposing of garbage; and that the government has stated that its goal is to divert 25% of municipal solid waste from landfills by 1992 and 50% by 2000; and that the government has so far failed to establish policies which would enable these targets to be met; and that by regulating the control of ozone-depleting substances Ontario has shown a willingness to act in advance of federal initiatives; the Government of Ontario should:

- (i) adopt waste reduction at source as the overriding first priority of the “3 Rs” garbage strategy (first reduce, then re-use, lastly recycle);
  - (ii) establish a Waste Reduction Office with a statutory mandate to achieve a 50% reduction of solid waste within the next decade;
  - (iii) legislate mandatory waste reduction programs for municipalities;
  - (iv) legislate mandatory source separation for all waste generators and for all types of waste for which reduction, re-use and recycling opportunities exist;
  - (v) pass regulations to prevent the disposal of materials and products for which waste reduction alternatives exist;
  - (vi) phase out containers and packaging products that cannot be diverted from the waste stream;
  - (vii) establish warranty conditions to extend product life;
  - (viii) use financial incentives and disincentives such as a graduated waste management surcharge system to favour reduction and re-use of products.
  - (ix) introduce the needed legislation and establish the required policies at the opening of the March 1990 session of the Legislature, without waiting for a report on new federal packaging legislation expected later in 1990. To be debated on Thursday, December 7, 1989. Minister of the Environment. *November 27, 1989.*

## QUESTIONS

*(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Thursday will appear on each day of the following week.)*

## PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence in accordance with the Standing Order 94(d).)*

Ballot Item Number 31. *To be debated on Thursday, December 7, 1989.*

*Mr Henderson*—Resolution—That in the opinion of this House, recognizing that the best interests of the child can be fulfilled by ensuring the child's access to love and emotional nurturance of each caring parent, and recognizing that a mother and a father are likelier to participate more fully in the growth and emotional development of their child through a nurturing parent-child relationship when child care and child nurturing responsibilities are shared with another caring adult, and recognizing that children benefit from a caring relationship with grandparents who bring a wealth of life experience to a nurturant relationship with a grandchild, and recognizing that society at large can benefit from the creative energies of mothers, fathers and children who are facilitated in their pursuit of vocational, academic, recreational and social opportunities and who are freed from the painful and demoralizing personal struggles that occur when matters of child custody and access are determined through adversarial process. ## NOTICES

### GOVERNMENT MOTION

3. *Debated May 17, 18, 23, 24, 25; July 13, November 9 and 29, 1989.*
- 

### PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden*—Resolution—That in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. *April 27, 1989.*
  
2. *Ms Bryden*—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. *April 27, 1989.*
  
8. *Mr Brandt*—Motion of Censure—That this House has lost confidence in the Minister of the Environment's capacity to exercise his responsibilities as a Minister of the Crown, specifically his duty under the *Environmental Protection Act* to insure the public's safety from toxic chemicals, as well as his duty under the *Freedom of Information and Protection of Privacy Act, 1987* to disclose information regarding a grave environmental, health or safety hazard to the public.

Therefore, this House:

- 1) urges the Minister of the Environment to resign; and
  
  - 2) calls on the Premier of Ontario to appoint a public enquiry into his government's failure to insure that the public was fully informed with regard to the importation, sale, and use of toxic fuel and the government's mismanagement of this issue resulting in potential health and safety risks to the citizens of Ontario. *May 15, 1989.*
10. *Mr Harris*—Resolution—That, in the opinion of this House, recognizing that non-refundable tax credits for political contributions effectively disenfranchise those without taxable incomes from this aspect of the political process; and, acknowledging the unfair treatment the current system affords

lower-income Ontarians—many of whom are women, seniors, disabled, ethnic minorities, farmers and Native Canadians; legislation should be amended to provide for refundable tax credits to eliminate existing discrimination on the basis of income in the financing of Ontario political Parties and candidates. *May 17, 1989.*

23. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortage of acute care beds which is in part due to the use of these beds by chronic care patients and recognizing the added cost to the system as a result of this misuse of acute care beds and recognizing the higher quality of life afforded to patients who can stay in their own homes and the added efficiency in the system as a result of home care; the government of Ontario should establish and maintain a system of community palliative care services which would allow people to be cared for in their own homes or in hospices where the atmosphere allows basic human dignity to be the top priority. *July 25, 1989.*
24. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that Naturopathists have a body of knowledge on which the practice of naturopathy is based and recognizing the risk associated with an unlicensed person practicing naturopathy; the government of Ontario, recognizing the best interests of the public, should continue to legislate the regulation of Naturopathy. *July 25, 1989.*
28. *Mr Cousens*—Resolution—That in the opinion of this House, recognizing that all sittings of the District and Provincial Courts within the Judicial District of York Region take place in Newmarket; and that considerable time, expense and inconvenience is incurred by residents of the Town of Markham and South York Region since numerous matters are heard in Provincial Offences Court on an ongoing basis; the Attorney General should take immediate steps to have a regular sitting of the Provincial Offences Court and the Provincial Court (Criminal Division) at a location in the Town of Markham. *October 16, 1989.*
33. *Mr Pouliot*—Resolution—That in the opinion of this House, recognizing that health care is totally inadequate for Ontario's First Nations People, and recognizing that aboriginal people's requests for improvements are often not met because of jurisdictional disputes between the federal and provincial governments and further recognizing that Ontario's indigenous peoples want some control over the provision and delivery of their health care, the Government of Ontario should immediately take whatever measures necessary to ensure that:

the level of health care services to Ontario's First Nations is at the same level as other Ontarians;

the jurisdictional disputes between the federal and provincial levels of government are reduced and eventually eliminated; and

a process of giving control over the provision and delivery of health care services to the First Nations is developed and implemented. *November 22, 1989.*

34. *Mr Henderson*—Resolution—That in the opinion of this House, recognizing that the best interests of the child can be fulfilled by ensuring the child's access to love and emotional nurturance of each caring parent, and recognizing that a mother and a father are likelier to participate more fully in the growth and emotional development of their child through a nurturing parent-child relationship when child care and child nurturing responsibilities are shared with another caring adult, and recognizing that children benefit from a caring relationship with grandparents who bring a wealth of life experience to a nurturant relationship with a grandchild, and recognizing that society at large can benefit from the creative energies of mothers, fathers and children who are facilitated in their pursuit of vocational, academic, recreational and social opportunities and who are freed from the painful and demoralizing personal struggles that occur when matters of child custody and access are determined through adversarial process. Every effort should be made to foster mediative rather than adversarial process to resolve disputes about custody and access, and every administrative effort should be made to bring together services designed to facilitate the cooperative mediation and resolution of custody and access disputes as a preferable alternative to adversarial court process, and efforts should be made, after family dissolution, to allow a child to have a frequent and continued nurturing and care-taking relationship with each parent unless the court determines that such a relationship with a particular parent will have a destructive influence on a particular child's healthy development and sense of well-being. *November 22, 1989.*
  35. *Mr Runciman*—Resolution—That, in the opinion of this House, a Canadian-style Triple "E" Federal Senate (elected, regionally equal and effective) should be created and in the event that such a Senate is not implemented by Constitutional Agreement, the Government of Ontario should hold elections, in conjunction with the 1991 Municipal Elections, to choose people to fill present and future Ontario vacancies in the Senate. *November 27, 1989.*
  36. *Mr Pollock*—Resolution—That, in the opinion of this House, the Ministry of Health should pay for prosthetic hair replacements for persons under 18, or those enrolled as full time students in any school, college or University that have hair loss due to accidents, conditions such as Alopecia Areata, and treatments such as chemotherapy. *November 29, 1989.*

## SPECIAL DEBATES

### OPPOSITION DAYS

5. *Mrs Grier*—Opposition Day—Recognizing that Ontario faces a serious crisis in disposing of garbage; and that the government has stated that its goal is to divert 25% of municipal solid waste from landfills by 1992 and 50% by 2000; and that the government has so far failed to establish policies which would enable these targets to be met; and that by regulating the control of ozone-depleting substances Ontario has shown a willingness to act in advance of federal initiatives; the Government of Ontario should:
- (i) adopt waste reduction at source as the overriding first priority of the “3 Rs” garbage strategy (first reduce, then re-use, lastly recycle);
  - (ii) establish a Waste Reduction Office with a statutory mandate to achieve a 50% reduction of solid waste within the next decade;
  - (iii) legislate mandatory waste reduction programs for municipalities;
  - (iv) legislate mandatory source separation for all waste generators and for all types of waste for which reduction, re-use and recycling opportunities exist;
  - (v) pass regulations to prevent the disposal of materials and products for which waste reduction alternatives exist;
  - (vi) phase out containers and packaging products that cannot be diverted from the waste stream;
  - (vii) establish warranty conditions to extend product life;
  - (viii) use financial incentives and disincentives such as a graduated waste management surcharge system to favour reduction and re-use of products.
  - (ix) introduce the needed legislation and establish the required policies at the opening of the March 1990 session of the Legislature, without waiting for a report on new federal packaging legislation expected later in 1990. To be debated on Thursday, December 7, 1989. Minister of the Environment. *November 27, 1989.*

## PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence in accordance with the Standing Order 94(d).)*

Ballot Item Number 31. *To be debated on Thursday, December 7, 1989.*

*Mr Henderson*—Resolution—That in the opinion of this House, recognizing that the best interests of the child can be fulfilled by ensuring the child's access to love and emotional nurturance of each caring parent, and recognizing that a mother and a father are likelier to participate more fully in the growth and emotional development of their child through a nurturing parent-child relationship when child care and child nurturing responsibilities are shared with another caring adult, and recognizing that children benefit from a caring relationship with grandparents who bring a wealth of life experience to a nurturant relationship with a grandchild, and recognizing that society at large can benefit from the creative energies of mothers, fathers and children who are facilitated in their pursuit of vocational, academic, recreational and social opportunities and who are freed from the painful and demoralizing personal struggles that occur when matters of child custody and access are determined through adversarial process. Every effort should be made to foster mediative rather than adversarial process to resolve disputes about custody and access, and every administrative effort should be made to bring together services designed to facilitate the cooperative mediation and resolution of custody and access disputes as a preferable alternative to adversarial court process, and efforts should be made, after family dissolution, to allow a child to have a frequent and continued nurturing and care-taking relationship with each parent unless the court determines that such a relationship with a particular parent will have a destructive influence on a particular child's healthy development and sense of well-being.

Ballot Item Number 32. *To be debated on Thursday, December 7, 1989.*

*Mr Pouliot*—Resolution—That in the opinion of this House, recognizing that health care is totally inadequate for Ontario's First Nations People, and recognizing that aboriginal people's requests for improvements are often not met because of jurisdictional disputes between the federal and provincial governments and further recognizing that Ontario's indigenous peoples want some control over the provision and delivery of their health care, the Government of Ontario should immediately take whatever measures necessary to ensure that:

the level of health care services to Ontario's First Nations is at the same level as other Ontarians;

the jurisdictional disputes between the federal and provincial levels of government are reduced and eventually eliminated; and

a process of giving control over the provision and delivery of health care services to the First Nations is developed and implemented.

Ballot Item Number 33. *To be debated on Thursday, December 14, 1989.*

*Mr Pollock*—Resolution—That, in the opinion of this House, the Ministry of Health should pay for prosthetic hair replacements for persons under 18, or those

enrolled as full time students in any school, college or University that have hair loss due to accidents, conditions such as Alopecia Areata, and treatments such as chemotherapy.

Ballot Item Number 34. *To be debated on Thursday, December 14, 1989.*

*Second Reading* Bill 85, An Act to amend the Intervenor Funding Project Act, 1988. *Mr Chiarelli.*

*Deuxième lecture* Projet de loi 85, Loi portant modification de la Loi de 1988 sur le projet d'aide financière aux intervenants. *M. Chiarelli.*

## NOTICES

### GOVERNMENT MOTION

3. *Debated May 17, 18, 23, 24, 25; July 13, November 9 and 29, 1989.*
- 

### PRIVATE MEMBERS' MOTIONS

1. *Ms Bryden—Resolution—That in the opinion of this House, recognizing that huge rent increases year after year are constituting a threat to the competitiveness and survival of retail business in commercial strips serving residential neighbourhoods, the Government of Ontario should introduce legislation as soon as possible to regulate the rents for such business establishments in order to provide those businesses with protection from gouging landlords comparable to the protection given to tenants of residential rental premises under the Residential Rent Regulation Act, 1986. April 27, 1989.*
  
2. *Ms Bryden—Resolution—That, in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a charter of rights for part-time workers should be added to both the Employment Standards Act and the Labour Relations Act to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment. April 27, 1989.*
  
8. *Mr Brandt—Motion of Censure—That this House has lost confidence in the Minister of the Environment's capacity to exercise his responsibilities as a Minister of the Crown, specifically his duty under the *Environmental Protection Act* to insure the public's safety from toxic chemicals, as well as his duty under the *Freedom of Information and Protection of Privacy Act*, 1987 to disclose information regarding a grave environmental, health or safety hazard to the public.*

Therefore, this House:

- 1) urges the Minister of the Environment to resign; and
  
- 2) calls on the Premier of Ontario to appoint a public enquiry into his government's failure to insure that the public was fully informed with regard to the importation, sale, and use of toxic fuel and the government's mismanagement of this issue resulting in potential health and safety risks to the citizens of Ontario. *May 15, 1989.*
  
10. *Mr Harris—Resolution—That, in the opinion of this House, recognizing that non-refundable tax credits for political contributions effectively disenfranchise those without taxable incomes from this aspect of the political process; and, acknowledging the unfair treatment the current system affords*

lower-income Ontarians—many of whom are women, seniors, disabled, ethnic minorities, farmers and Native Canadians; legislation should be amended to provide for refundable tax credits to eliminate existing discrimination on the basis of income in the financing of Ontario political Parties and candidates. *May 17, 1989.*

23. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing the shortage of acute care beds which is in part due to the use of these beds by chronic care patients and recognizing the added cost to the system as a result of this misuse of acute care beds and recognizing the higher quality of life afforded to patients who can stay in their own homes and the added efficiency in the system as a result of home care; the government of Ontario should establish and maintain a system of community palliative care services which would allow people to be cared for in their own homes or in hospices where the atmosphere allows basic human dignity to be the top priority. *July 25, 1989.*
24. *Mr Eves*—Resolution—That, in the opinion of this House, recognizing that Naturopathists have a body of knowledge on which the practice of naturopathy is based and recognizing the risk associated with an unlicensed person practicing naturopathy; the government of Ontario, recognizing the best interests of the public, should continue to legislate the regulation of Naturopathy. *July 25, 1989.*
28. *Mr Cousens*—Resolution—That in the opinion of this House, recognizing that all sittings of the District and Provincial Courts within the Judicial District of York Region take place in Newmarket; and that considerable time, expense and inconvenience is incurred by residents of the Town of Markham and South York Region since numerous matters are heard in Provincial Offences Court on an ongoing basis; the Attorney General should take immediate steps to have a regular sitting of the Provincial Offences Court and the Provincial Court (Criminal Division) at a location in the Town of Markham. *October 16, 1989.*
33. *Mr Pouliot*—Resolution—That in the opinion of this House, recognizing that health care is totally inadequate for Ontario's First Nations People, and recognizing that aboriginal people's requests for improvements are often not met because of jurisdictional disputes between the federal and provincial governments and further recognizing that Ontario's indigenous peoples want some control over the provision and delivery of their health care, the Government of Ontario should immediately take whatever measures necessary to ensure that:

the level of health care services to Ontario's First Nations is at the same level as other Ontarians;

the jurisdictional disputes between the federal and provincial levels of government are reduced and eventually eliminated; and

a process of giving control over the provision and delivery of health care services to the First Nations is developed and implemented.  
*November 22, 1989.*

34. *Mr Henderson*—Resolution—That in the opinion of this House, recognizing that the best interests of the child can be fulfilled by ensuring the child's access to love and emotional nurturance of each caring parent, and recognizing that a mother and a father are likelier to participate more fully in the growth and emotional development of their child through a nurturing parent-child relationship when child care and child nurturing responsibilities are shared with another caring adult, and recognizing that children benefit from a caring relationship with grandparents who bring a wealth of life experience to a nurturant relationship with a grandchild, and recognizing that society at large can benefit from the creative energies of mothers, fathers and children who are facilitated in their pursuit of vocational, academic, recreational and social opportunities and who are freed from the painful and demoralizing personal struggles that occur when matters of child custody and access are determined through adversarial process. Every effort should be made to foster mediative rather than adversarial process to resolve disputes about custody and access, and every administrative effort should be made to bring together services designed to facilitate the cooperative mediation and resolution of custody and access disputes as a preferable alternative to adversarial court process, and efforts should be made, after family dissolution, to allow a child to have a frequent and continued nurturing and care-taking relationship with each parent unless the court determines that such a relationship with a particular parent will have a destructive influence on a particular child's healthy development and sense of well-being. *November 22, 1989.*
  35. *Mr Runciman*—Resolution—That, in the opinion of this House, a Canadian-style Triple "E" Federal Senate (elected, regionally equal and effective) should be created and in the event that such a Senate is not implemented by Constitutional Agreement, the Government of Ontario should hold elections, in conjunction with the 1991 Municipal Elections, to choose people to fill present and future Ontario vacancies in the Senate. *November 27, 1989.*
  36. *Mr Pollock*—Resolution—That, in the opinion of this House, the Ministry of Health should pay for prosthetic hair replacements for persons under 18, or those enrolled as full time students in any school, college or University that have hair loss due to accidents, conditions such as Alopecia Areata, and treatments such as chemotherapy. *November 29, 1989.*

## SPECIAL DEBATES

### OPPOSITION DAYS

5. *Mrs Grier*—Opposition Day—Recognizing that Ontario faces a serious crisis in disposing of garbage; and that the government has stated that its goal is to divert 25% of municipal solid waste from landfills by 1992 and 50% by 2000; and that the government has so far failed to establish policies which would enable these targets to be met; and that by regulating the control of ozone-depleting substances Ontario has shown a willingness to act in advance of federal initiatives; the Government of Ontario should:
- (i) adopt waste reduction at source as the overriding first priority of the “3 Rs” garbage strategy (first reduce, then re-use, lastly recycle);
  - (ii) establish a Waste Reduction Office with a statutory mandate to achieve a 50% reduction of solid waste within the next decade;
  - (iii) legislate mandatory waste reduction programs for municipalities;
  - (iv) legislate mandatory source separation for all waste generators and for all types of waste for which reduction, re-use and recycling opportunities exist;
  - (v) pass regulations to prevent the disposal of materials and products for which waste reduction alternatives exist;
  - (vi) phase out containers and packaging products that cannot be diverted from the waste stream;
  - (vii) establish warranty conditions to extend product life;
  - (viii) use financial incentives and disincentives such as a graduated waste management surcharge system to favour reduction and re-use of products.
  - (ix) introduce the needed legislation and establish the required policies at the opening of the March 1990 session of the Legislature, without waiting for a report on new federal packaging legislation expected later in 1990. *To be debated today.* Minister of the Environment.

## PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence in accordance with the Standing Order 94(d).)*

Ballot Item Number 31. *To be debated today.*

*Mr Henderson*—Resolution—That in the opinion of this House, recognizing that the best interests of the child can be fulfilled by ensuring the child's access to love and emotional nurturance of each caring parent, and recognizing that a mother and a father are likelier to participate more fully in the growth and emotional development of their child through a nurturing parent-child relationship when child care and child nurturing responsibilities are shared with another caring adult, and recognizing that children benefit from a caring relationship with grandparents who bring a wealth of life experience to a nurturant relationship with a grandchild, and recognizing that society at large can benefit from the creative energies of mothers, fathers and children who are facilitated in their pursuit of vocational, academic, recreational and social opportunities and who are freed from the painful and demoralizing personal struggles that occur when matters of child custody and access are determined through adversarial process. Every effort should be made to foster mediative rather than adversarial process to resolve disputes about custody and access, and every administrative effort should be made to bring together services designed to facilitate the cooperative mediation and resolution of custody and access disputes as a preferable alternative to adversarial court process, and efforts should be made, after family dissolution, to allow a child to have a frequent and continued nurturing and care-taking relationship with each parent unless the court determines that such a relationship with a particular parent will have a destructive influence on a particular child's healthy development and sense of well-being.

Ballot Item Number 32. *To be debated today.*

*Mr Pouliot*—Resolution—That in the opinion of this House, recognizing that health care is totally inadequate for Ontario's First Nations People, and recognizing that aboriginal people's requests for improvements are often not met because of jurisdictional disputes between the federal and provincial governments and further recognizing that Ontario's indigenous peoples want some control over the provision and delivery of their health care, the Government of Ontario should immediately take whatever measures necessary to ensure that:

the level of health care services to Ontario's First Nations is at the same level as other Ontarians;

the jurisdictional disputes between the federal and provincial levels of government are reduced and eventually eliminated; and

a process of giving control over the provision and delivery of health care services to the First Nations is developed and implemented.

Ballot Item Number 33. *To be debated on Thursday, December 14, 1989.*

*Mr Pollock*—Resolution—That, in the opinion of this House, the Ministry of Health should pay for prosthetic hair replacements for persons under 18, or those

enrolled as full time students in any school, college or University that have hair loss due to accidents, conditions such as Alopecia Areata, and treatments such as chemotherapy.

Ballot Item Number 34. *To be debated on Thursday, December 14, 1989.*

*Second Reading* Bill 85, An Act to amend the Intervenor Funding Project Act, 1988. *Mr Chiarelli.*

*Deuxième lecture* Projet de loi 85, Loi portant modification de la Loi de 1988 sur le projet d'aide financière aux intervenants. *M. Chiarelli.*

Ballot Item Number 35. *To be debated on Thursday, December 21, 1989.*

*Second Reading* Bill 83, An Act to amend the Education Act. *Mr Johnston (Scarborough West).*
